### Procedures/Activities

#### Preparation for the Conference

1. Do research on the person being interviewed and share the information you found with the students.  
2. Have your students come up with 3-4 open ended questions.  
3. Have a “pre” press conference for the students to practice asking questions.

#### During the Conference

1. Tell the students to wait their turn and listen carefully to avoid repeating questions.  
2. Make sure students say their names before beginning their questions.  
3. Have them take notes while engaging with the interviewee.  
4. Ask for permission to tape the press conference.
