

INTO THE WILD

SUMMER FESTIVAL

ଶ୍ରୀମାନିମହାଶ୍ରୀ

Welcome to Into the Wild

Into the Wild is not just a normal festival, but rather an invitation to be at ease and joy together for a few days in beautiful nature.

Our lives move so fast, with always something to do, here the invitation is to leave the stress and hassle of everyday life behind and relax into our true nature which is at ease, relaxed and being present together in this moment.

The festival is simply another name for life, for renewal, for being in love with this wild, beautiful earth that we call home. It is a beautiful place, where the forests and wild meadows are brimming with life. If you watch and listen carefully, you may hear the owls, see the swoop of bats, the gliding of swallows, hobby, red kites, buzzards, the call of crow at dusk or at dawn catch the deer secretly roaming through the ancient forest.

In essence we are here to celebrate together. We are looking forward to a wild and beautiful weekend. We offer workshops, talks, music, dance and inspired learning in the hope that we each find our own unique exquisite offering that benefits all beings.

With this in mind Into the Wild is not a place to come and escape the world, but a place to actually become part of this natural world.

The festival is alcohol and drug free. If you want to get out of it, there are hundreds of events you can go too. If you haven't tried going to an event without these things, try it, it's great to be clear and enjoy the ecstasy of simply being with a group of people celebrating life together.

Here is an opportunity to let go of the need to be anybody and rest your body and mind in the splendour of the natural world, remembering that the greatest gift, the greatest miracle, is simply the wonder of life itself.

The programme and list of workshops are in this programme, the workshop descriptions are available at the Information Tent or on the website.

In the main field you will find Great Khan's Hall for our evening music, cafes serving delicious food, great Peruvian coffee and our intimate Into the Wild stage. The craft area is located near the entrance to the woods, with all sorts of carving, blacksmithing, weaving and beauty-making.

Our Wellbeing Field is a haven of massages, deep relaxation, soulful journeys, the sauna, and Beloved's Arms Cafe serving lovingly made food. Come join the opening ceremony in the Wellbeing Field on Friday night!

Make sure you go and explore the Wise Owl Woods with it's stunning giant Sequoia forest, ancient rocks and open glade hosting a open mic stage, woodland cinema, theatre, fireside late night tales and workshops.

Watch out for secret gigs and secret stories.

It's worth taking cushions and shawls to workshops in case you want to fully submerge yourself in this moment.

We ask that you please take your rubbish home with you. Our policy is to leave no trace and be aware of what we use. There are bin liners at Information Tent. We really appreciate your help with this.

Our fantastic crew are here to make you feel at home, do ask a steward or member of the inner arena crew if you are in need of any help.

Hopefully you will have a wonderful time and we will meet again and again. This is a place where you can meet new friends for life.

We hope you all have a amazing weekend!
