

Honey Roasted Peaches

Perfect for peaches that are a little too soft. Delicious as dessert with ice cream or for breakfast with a rich and creamy Greek yogurt.

Ingredients:

6 small peaches, pitted and halved
1 tsp (5mL) butter, melted
1 tsp (5mL) honey
1/2 tsp (2mL) vanilla

How to Make:

Heat oven to 400. Arrange peaches in an oven-proof pan, cut side up.

Mix butter, honey and vanilla together and brush over peaches.

Place pan in the oven and cook peaches until warmed through and starting to brown (about 20 minutes).

Serve immediately (ice cream anyone?) or refrigerate for up to 3 days.
