

NEW PRODUCT RELEASE

HNKX 0604-45

Lamina Technologies is pleased to introduce our newest addition to our Face Milling product line.

With this new geometry, Lamina offers the most up to date milling tools to boost your productivity.

- Available in both our advanced Magia Multi-Mat™ LT 3000 and our new Magia Pro LT 3130 grades
 - LT 3000: suitable for machining a wide range of materials with the same insert, reducing machining down time
 - LT 3130: specially developed for superior performance in steels and stainless steels
- Economical double sided hexagon inserts with 12 true cutting edges
- Suitable for universal face milling applications requiring a 45° approach angle
