# EVENT RULES

## **Please Obey All Instructions from Our Marshals**

Marshals can be identified by their reflective safety vests. These volunteers are here to keep you safe in the designated spectating locations.

## **Please Respect Our Landowners**

They have graciously allowed us to use their property so that we may continue racing on the best rally roads in North America. We are the guests of Green Diamond Resource Company, and they ask us to follow a few simple rules:

- NO SMOKING
- NO ALCOHOL
- PLEASE STAY IN DESIGNATED SPECTATOR AREAS
- PLEASE KEEP THE FOREST CLEAN

*A message from our Land Owner....* Welcome, competitors and spectators, to Green Diamond Resource Company's private working forest lands in Washington State. Green Diamond harvests patches of forestland each year to provide wood products to a worldwide marketplace. At the same time, these working forests protect clean water and soils, sequester carbon while producing clean air, provide habitat for fish and wildlife and, of course, give us open space for recreation. Enjoy.

## **Enjoy the Rally Experience**

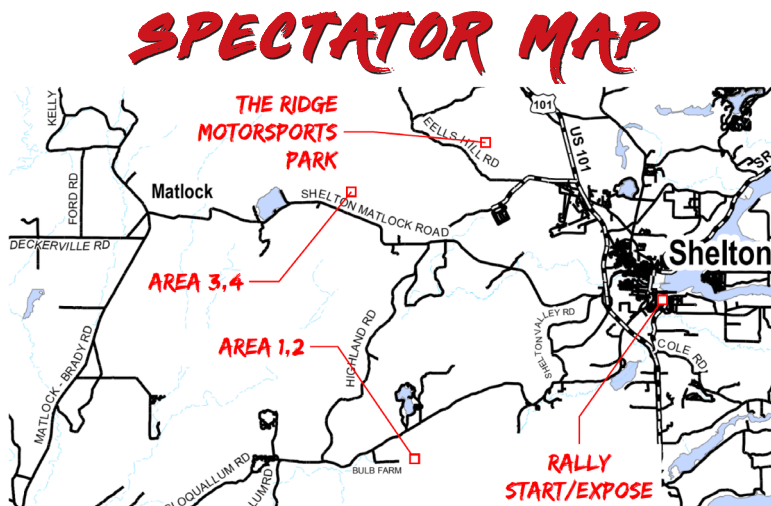

Olympus Rally fans are some of the hardest spectators in North America. They have to brave the elements to witness the challenges that the competitors face as they battle each other and the clock over the most demanding stages the American Rally Association National Championship can offer. The chance to witness the extraordinary talents of the drivers inevitably leads to an assault on the senses: the noise of the engines, the smell of race fuel, the glow of the brakes, and the flying of gravel. For many, this is what attracts them to the Olympus Rally.

Find your spot in the designated spectator location, take lots of video and pictures, bring the noise (e.g. cowbells, horns, whistles and your voices!) Let the drivers know that they have entered the spectator area! **MORE COWBELL!**

## **WILDCAT STAGE (SS-2, SS-4)**

### **SATURDAY, MAY 19**

#### **Stage information**

This stage is a favorite with the drivers, but a marathon for the co-driver with miles of tight and twisty roads. This makes for a long list of notes!

It's said the competitors can see their own tail lights in the switchbacks.

This is the longest stage of the Rally.

Wildcat is ran twice in the same direction.

The first car out for the first running is at 10:53 and 2:18 for the second.

#### **Important!**

This Spectator area will not open until 8 AM.

Area 1 is a stage locked location. Meaning once you enter this area you are to remain here until the end of the second running.

There may not be any time between runnings for exit.

Please be prepared for this if you choose to come to this location.

The parking location for area 1 will be closed at 9:35. No exceptions.

There will be a porta potty near area 1 parking and the gravel pit.
