

QuadraLux TL™

QuadraLux TL™ is a Par30 LED retrofit lamp that combines **frictionless magnetic cooling fan technology** (prolongs life span), high lumen output (maximizes intensity), and superior color quality (reflects true color). This lamp can be retrofitted into an existing track system, and is ideal for stores carrying diamond jewelry, color gemstones, precious metal (silver & gold, etc.), clothing, handbags, accessories, handcrafted items, furniture, etc.

Key Characteristics:

1. High Lumen (lm) and CRI LED
2. **Save up to 70%** on electric bill
3. Variety of color temperatures (K)
4. Available in **4 beam angles**
5. For **track fixtures** or **recessed cans**

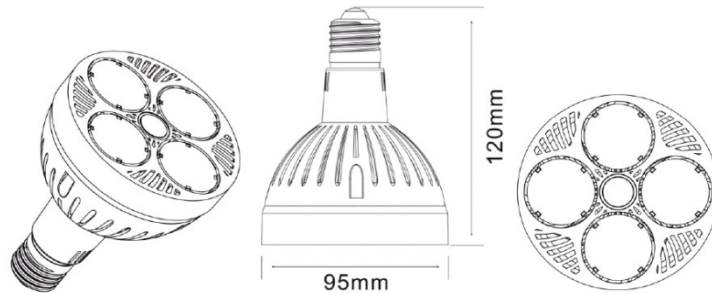

Specification: PAR30 LED Spot Light

LED color	Warm	Neutral	Cool
Lumen (lm)	1900	2000	2950
Color Temperature (K) Available	2700K	4000K	7500K
	3000K		CREE
CRI (Ra)	≥ 82	≥ 80	≥ 70
Beam angle	15° / 25° / 45° / 80°		
Life span (Hours)	≥ 30,000 hrs = 15 yrs (8 hr/day, 250 day/yr)		
Efficiency (lm/W)	54.29	57.14	82.86
Efficiency (PF)	90% - 96%		
Power	32 Watt - 35 Watt		
Shell Color	White		
Input voltage	AC 100V - 240V		
Track type	Halo, Juno, Lightolier, 2 Wire		
Holder type	PAR30, E26 / E27		
Warranty (Do not use in sealed environment)			1 Year

*Specification is based on actual product. Subject to change without prior notice.

Dimensions: 3.74 inch (W) x 4.72 inch (H)

Weight: 0.6 lb

Unit: MM
