Service Limitations and Restrictions: Must be purchased with InSBEP Minimum Bandwidth Commitment and Incremental Usage (Section 5.2.5.3.a).

General Service Limitations:

- There is no option to temporarily suspend service
- Service may not be available where facilities do not exist, even if previously available in the same area or location.
- The service is only offered within Cox territory, either in-franchise or via designated out-of-franchise exchanges and/or via meetpoint with other providers.
- Regular rules and policies pertaining to service demarcation shall apply.

Change Charge Applicability: No change charges apply.

Service Limitations and Restrictions: Access is subject to availability of facilities. Where facilities are not available, special construction charges may apply. Special construction may not be ordered or billed using the CALNET contracts and must be procured by other means.

General Service Limitations:

- There is no option to temporarily suspend service
- Service may not be available where facilities do not exist, even if previously available in the same area or location.
- The service is only offered within Cox territory, either in-franchise or via designated out-of-franchise exchanges and/or via meetpoint with other providers.
- Regular rules and policies pertaining to service demarcation shall apply.

Change Charge Applicability: No change charges apply.

Contractor's Summary Description of Service: Cox Optical Internet (COI) provides premium dedicated Internet access service for enterprises needing a high-quality, highly scalable connection to the Internet. Symmetrical committed bandwidth with burst options that are scalable from 1Mb to 10Gb and delivered via high-speed metropolitan area network, using next-generation Gigabit Ethernet, and/or DWDM equipment and technologies. Includes compatible router, maintenance, management and monitoring.

Service Limitations and Restrictions: Access is subject to availability of facilities. Where facilities are not available, special construction charges may apply. Special construction may not be ordered or billed using the CALNET contracts and must be procured by other means.

General Service Limitations:

- There is no option to temporarily suspend service
- Service may not be available where facilities do not exist, even if previously available in the same area or location.
- The service is only offered within Cox territory, either in-franchise or via designated out-of-franchise exchanges and/or via meetpoint with other providers.
- Regular rules and policies pertaining to service demarcation shall apply.

Change Charge Applicability: No change charges apply.

Service Limitations and Restrictions: Access is subject to availability of facilities. Where facilities are not available, special construction charges may apply. Special construction may not be ordered or billed using the CALNET contracts and must be procured by other means.

Must be purchased in conjunction with services included in this schedule from Cox.

General Service Limitations:

- There is no option to temporarily suspend service
- Service may not be available where facilities do not exist, even if previously available in the same area or location.
- The service is only offered within Cox territory, either in-franchise or via designated out-of-franchise exchanges and/or via meetpoint with other providers.
- Regular rules and policies pertaining to service demarcation shall apply.

Change Charge Applicability: No change charges apply.
