The Rabbis will be discussing this prompt based on Mishnah Berurah 494:12

B'nai Yisrael went into the Sinai experience with one set of parameters, and came back with a different set. They had to take a first step in this new context, they had to figure out each segment of their new life. In our current reality, What do you see as your first steps? The first steps for your community? What do you see as your new parameters, or the new parameters for your community? How far are you willing to push them?

THIS PROGRAM WILL BE LIVE-CAPTIONED WITH CART TECHNOLOGY FOR ACCESSIBILITY.
