2:30-4:00	3.5 & 4.0+ (Rated players only) PARTNER SWITCH – courts 1-4

NOTES:

- Come early if you want to warm-up. There will be no warm-up time once the session starts.
- Arrive *before* the start time! Late comers will not be allowed to play. Signup sheets are posted approximately 15 minutes prior to the start of each session at the courts indicated above.
- Courts that are not needed for a Structured Play session will be released for Open Play within 10 minutes after the scheduled start time.
- Players must stay for the entire session

¹- You may play in only one **Self-Rated** session per day.

PARTNER SWITCH

The partner switch format is where individual players are assigned a number when they sign up, and play different players on different courts according to the numbers on the charts posted. Partner switch is used in all skill levels of play. The 2.5 partner switch includes an on-court mentor to give any necessary assistance.

WOMEN'S AND MEN'S PARTNER SWITCHES

These sessions differ from the normal partner switch only in that *men and women play separately*. Women's and Men's partner switch is used in 3.0 and 3.5 skill levels.

SHOOTOUT

Two players sign up as a team in this format, and play different teams on different courts according to the numbers on the charts posted. In the shootout format, teams are assigned numbers as they sign up. The team remains together throughout. *Whether you come with a partner or pick one up at courtside, YOU MUST HAVE A PARTNER BEFORE SIGNING UP TO PLAY.*

3.0 -3.5 SELF-RATED MIX

3.0 players and 3.5 players will sign up on separate sides of the sheet posted. The session leader will pair a 3.0 player with a 3.5 player, and they will remain a team throughout the session. The session will be run in the same format as the shootout. *This is a mentoring session, and is intended as an opportunity for higher rated players to give their partners ideas on how to improve their skills*

SELF- RATED

Participants in any of the sessions described as self-rated are responsible to rate themselves to play with similarly-skilled players. The session leaders are encouraged not to advise participants of their rating.

SKILL LEVEL 3.5 and 4.0 RATED PLAYERS ONLY

Only players with a USAPA or Voyager rating of 3.5 or higher may play in these sessions. If you have signed up for a 3.5 or higher rating, you are allowed to play pending the outcome of your rating. The session leader has a copy of those who are rated.
