Academic Probation, Warning and Suspension

Your academic standing at MSU is measured in GPA and a cumulative credit completion rate (CCR). CCR = total credits completed/total credits attempted. Your CCR needs to be above 67% and GPA must be above a 2.0

If you fall below 2.0 (MSU GPA) and or CCR (includes transfer credits) is less than 67% you will be put on **Academic Warning**.

You will be notified by your MavMail your academic standing. You will have 1 term to make progress to meet MSU academic standards.

If you don't get a 2.0 MSU GPA the following semester and/or CCR of 67%, you will be placed on **Academic Suspension**.

You can avoid **Academic Suspension** by earning a 2.5 term GPA and 75% CCR for that semester of classes immediately following your warning status. This will be called **Academic Probation**.

If you are suspended from MSU you must wait a full year before re-enrolling at MSU.

Consequences for not reaching MSU academic standards:

- There will be a registration hold on your account
- Your financial aid will be noted as "WARNING" or "SUSPENSION", and you may not be able to receive financial aid. Visit Campus Hub to understand your financial aid status
- You will need to meet with a College Advisor, your major advisor and create an academic plan.

Access Codes

In order to register for classes you might need to have access codes. The majors that need access can be found [here](#).

Karey does NOT have your access code. It will come from your major advisor or during group advising appointment.

Accessibility Resources

132 Memorial Library
507-389-2825 (Phone)
<http://www.mnsu.edu/access>

MSU has the Accessibility Resources for students with physical or mental disabilities. Because of the American's with Disability Act students with disabilities are protected in their right to not be discriminated against because of their disability. Accessibility Resources can provide accommodations to student-athletes who qualify. These accommodations can include:

- Note taking
- Text in alternative format
- Alternative testing
- Sign language interpreting
- Early registration
- Assistive technology

To qualify you will need to schedule an appointment with Accessibility Resources and provide documentation of your disability. The following form can be used for documentation.

[ADHD Form](#) or [Disability Form](#)

In the documentation you must provide seven essential information in the documentation that include:

1. The credentials of the evaluator
2. A diagnostic statement identifying the disability;
3. A description of the diagnostic methodology used;
4. A description of the current functional limitations;
5. A description of the expected progression or stability of the disability;
6. A description of current and past accommodations, services, and/or medications;
7. Suggestions for accommodations, adaptive devices, assistive services, compensatory strategies, and/or collateral support services.

For more information contact Accessibility Resources.

Community Service

As a student-athlete at MSU you will be asked to complete a minimum of 5 hours of community service. Hours are tracked by using the application HelperHelper on your cell phone.

Kristle Wolcott of [SAAC](#) can help answer any questions you have regarding community service and the HelperHelper app.

As you may be aware, different coaches require additional hours of community service. Common community service hours that MSU student-athletes help out with include: Kiwanis Holiday Light set up, Rake the Town to clean up Mankato in the fall, Trick or Treat with the Mavs, and an all sports camp with the Mavericks.

Compliance

The Compliance Office is in charge to make sure all student-athletes stay eligible per NCAA rules and regulations. They make sure MSU does not receive any sanctions or punishments by the NCAA by following the rules. They also check that boosters, recruits, coaches, administrations and alumni follow rules.

Shane Drahota
Phone: 507-389-2018
Email: shane.drahota@mnsu.edu

Shane Drahota is the Assistant Athletic Director for Compliance and Student Services at MSU. He and Karey work closely to make sure student-athletes stay eligible.

His office is located in the main athletic office by Myers Field House.

He works closely with financial aid and does scholarship renewal with the coaches each year.

The main areas of concern that deal with you as a student-athlete, are making sure you stay eligible to compete and remain at MSU.

Shane will also make sure you remain an amateur athlete and do not receive any special benefits for your student-athlete status.

If you have any questions about compliance and eligibility it is ALWAYS better to ask first. Schedule an appointment with [Karey](#) or Shane to answer your questions.

Conference

All sports but hockey see [Northern Sun Intercollegiate Conference \(NSIC\)](#). For hockey's conference see [Western Collegiate Hockey Association \(WCHA\)](#).

Counseling

MSU's Counseling Center is located on the second floor of the Centennial Student Union, room CSU 285.

To schedule an appointment or consultation visit the [Counseling Center](#).

In case of emergency call 911 or MSU Security at 507-389-2111

Every semester the Counseling Center presents mental-health workshops. Visit [here](#) to check them out.

Credit Hours

Credit hours are how many hours you are in a class per week. Most classes are usually 3-4 credit hours. There are some 1 credit hour classes, such as sport participation.

You will have a required amount of credit hours to graduate, usually 120 credits (some 128) for a baccalaureate degree.

Your major will require 32 credit hours plus a minor OR no minor with 48 credit hours.

A minor has a minimum of 16 credit hours. Different majors have requirements requiring minors. You cannot take a major and minor in the same discipline.

To stay eligible as a student-athlete you will need to be full-time student, which are 12 credit hours a semester. You must stay in 12 credit hours during the school year, if you drop below you cannot participate in ANY team activities.

You need to pass 9 credit hours the previous semester before your competition season to stay eligible. You will need to complete 18 credit hours in the fall and spring semester combined to stay eligible.

But you must also pass 24 credit hours in the full year, including summer.

NCAA will accept only 6 credit hours in the summer as progressing towards your degree.

NCAA will accept only 6 credit hours each semester that count toward your minor if it is NOT required for your major.

No minor classes in the summer will count, unless required by your major, per NCAA progress toward degree requirements.

Talk to [Karey](#) if you have any questions about credit hours and eligibility.

You can view this [handout](#) as well from the NCAA as a quick reference to the eligibility guidelines.

D2L

D2L is an online portal that some professors or teachers will utilize to administer class material.

To login into D2L you will need to know your StarID and password. Your password will change every 6 months for security precautions.

Make sure to regularly check your D2L so you don't miss any materials for your classes.

Degree Audit Report (DARS)

Your Degree Audit provides you with a framework on your progress towards your degree.

You can find your degree audit under E-services. Login using your StarID and password.

Next, click "Grades and Transcripts" on the menu on the left side of the page.

Next, click "Degree Audit Report". It will be displayed under "Grades and Transcripts" as a submenu.

To run your report click on your major and your DARS will be displayed under a new window.

The top of the DARS will show a pie chart to show what you have completed so far in order to graduate.

Green is the key color when looking at your DARS. The courses that you have completed will show up green with a checkmark. Classes have to be completed and passed in order to show up green. So, if you are running your report and are currently enrolled in a course, it will not show up green until you pass the course.

The DARS includes each general education [goal area](#) and your major or minor requirements to complete your degree.

The DARS should act as a framework for scheduling classes in order to graduate. If you have any questions about your DARS, talk to Karey or your major advisor.

Priority Registration

Student-athletes are given priority registration. Registration dates can be found [here](#).

Priority registration is usually a week before a normal registration date. Your coaches and Karey will give you a reminder on priority registration when it will be open.

Priority registration is only open for 2 days. So it is crucial you take advantage of the open dates, otherwise your classes might fill up once the rest of the student body gets to register.

Many students take advantage of the "wish list" that can be found on the E-services website.

Under E-services left hand side click "Courses & Registration". Then click "Search for a Course". Fill in your information to find the courses you want to take. Add the course to your wish list by clicking the "+" button. Now when you register, all your courses will be already set.

You can also build a template of your schedule using the class schedule builder [online](#).
