

A WORKSHOP ORGANIZED BY

HOW YOU CAN MAKE AN IMPACT

Amsterdam RAI • Casa Hotel • 22-24 July 2018

A workshop designed for the next generation of scientists, doctors and activists committed to end the HIV epidemic.

HIV Next Gen will provoke, inspire and mobilize young adults to play a role in the future of HIV research and healthcare. The program will successfully integrate science, technology and culture to create a highly interactive, educational, and skill-building event.

HIV Next Gen will be held prior to and as part of the 22nd International AIDS Conference in Amsterdam in July.

Participation is FREE!
See the back for registration info

The HIV virus and its treatment

18:00 Dinner & social program

DAY 3 TUESDAY 24 JULY

Morning Visit to the global village @ IAS
Experience the AIDS2018 conference

Afternoon Mystery Program

TRAVEL AND ACCOMMODATION

Travel to and from the workshop has to be arranged by the participants. For travel information on how to best get to Hotel CASA by public transport, please check: www.9292.nl

It is possible to bring participants to the hotel. The organizers will be present 30 minutes before the start of the program and up to 30 minutes after the program ended.

If traveling to Amsterdam for each workshop day is difficult and you would prefer an accommodation nearby, you can book a hotel room with 10% discount at the CASA Hotel at own expense. Other hotels are also close-by. The organizers are actively looking for guest families in the Amsterdam region to help participants that travel from far with their accommodation. Please contact the workshop organizers for more information on guest families.

For addresses of the workshop locations, please visit our website: <https://www.hiv-next-gen.com/>

Prof. Charles Boucher

Professor in Virology and clinical microbiologist at the Erasmus Medical Center in Rotterdam, and scientific director at Virology Education, Utrecht, Netherlands.

Prof. Eric van Gorp

Infectious disease specialist at the Erasmus MC, Rotterdam. He is also visiting professor at the University of Airlangga in Surabaya, Indonesia.
