What happens after I submit my Application?

Tree Removal Program

- 1) The Tree Supervisor will do a site visit and inspect the tree (s). He will complete Part B of Application with his findings and submit to the Parks, Trees & Facilities Manager for review and approval of recommendations. Once Part B is completed, Applicants for Tree Removal will be notified, in writing, of the findings and recommendations of the Department, which may include conditions, if required.
- 2) Tree Removal requests that are denied can be appealed to the City's Tree Advisory Commission. If you wish to appeal to the Tree Advisory Commission, complete Part C of the application and return to the Parks & Recreation Services Department within ten (10) days after notification of denial.

APPLICATION FOR TREE PRUNING OR REMOVAL

Section 12.44 of the Municipal Code covers all tree removal and pruning in the City Right-of-Way. No tree on the City's Right-of-Way can be pruned or removed without the approval of the Parks & Recreation Services Department. Trees that are dead or presenting a hazard such as trees that, in the judgment of the Parks Division Staff, are liable to fall on persons or property will be removed by the City. A replacement tree, selected by the property owner from the City's Approved Tree List, will be planted by the City if adequate space is available.

The removal of live trees, in healthy condition and not liable to fall or creating other trees hazard, will be considered on a case by case basis. It has been the policy of both the Parks & Recreation Services Department and the City Tree Advisory Commission not to remove a healthy tree causing sidewalk damage unless, the sidewalk is repaired. A tree removal denied by the Parks & Recreation Services Department can be appealed to the City's Tree Advisory Commission. Commission decisions, in turn, can be appealed to the City Council.

Approval of a tree removal requires the replanting of a new tree within six (6) months of the removal. The new tree is selected by a property owner from the City's Master Street Tree list and planted to City specifications. The applicant, except when the tree is being removed and replaced under the Tree/Sidewalk Repair Program, must pay for the cost of removing and replacing a tree. Contact the Public Works Department at (707) 257-9520 for more information on the Tree/Sidewalk Repair Program.
