

Dancing

I don't feel like dancing
But maybe if you do
You can get me dancing along with you

I don't feel like singing
But maybe if you do
You can get me singing a song for you

Getting lost in a moment
Spinning 'round with you
Getting lost in a moment with you

I don't feel like talking
But baby, if you do
I will sit and listen along to you

I don't feel like laughing
But baby, if you do
You can get me laughing along with you

Getting lost in a moment
Feeling sound with you
Getting lost in a moment with you

Getting lost in a moment
Laughing loud with you
Getting lost in a moment with you

With you
With you
With you
With you
With you
With you
