

## Where The Sidewalk Ends

The sun was comin' up and the world turned over  
Like dirt in the garden of our lives  
You reached up your hand to the sky full of wonder  
At the shapes of the sparrows flying by

And I fell in love with the way you are  
And I found hope within my heart  
And I fell in love with the way you are  
And I found the perfect place to start

The sun goin' down lit the world on fire  
Like birthday candles in your eyes  
You shouted the name of every color  
Too full of life to wonder why

And I fell in love with the way you are  
And I found hope within my heart  
And I fell in love with the way you are  
And I found the perfect place to start

Teach me to be young again  
Take me where that sidewalk ends  
Make me play with trains again  
Take me where that sidewalk ends
