Parent / Guardian Signature: _____

GMA AFTER SCHOOL PROGRAM - PICK UP

GMA After School Program is an alternative to daycare at an elite martial arts training center. With over 12,000 sq ft, we offer a great program for children age 6 to 12. We believe in whole self-development of students, including life skills, academics, physical development, and age-appropriate social growth. We are advocates for parent- teacher- instructor communication in order to best assist each student in reaching his/ her full potential. Each day, there is a short academic review lesson after snack and before play.

During snack time, social interaction and talking about a student's day are encouraged in order to review, to open opportunity to discuss problem solving skills, or to reinforce positive actions or academic success. Individual reading times are incorporated at parents' requests. Group reading activities incorporate other subjects and different learning areas while focusing on age-level skills to encourage young readers to stay motivated to research and learn. In class, individual tutoring or school classwork review is available upon a parent's request.

Free play before martial art classes each day (or for those not attending martial arts) is monitored. While interacting and having fun, each student learns fair play, good attitudes when winning or losing, and other social skills which will transfer to their home and school life outside our academy. This program is designed to complement the focuses in our martial art classes, as well as to standing alone as a wonderful after school experience for our community's children.

We are currently picking up at several local elementary and middle schools. More schools will be added as we expand the program. Call (615)989-7945 - We are closed on major holidays - we bill monthly so some month your 5th week is free in that calendar month. We are closed during major Holidays and the entire week of memorial day - (2018 May 28th to June 1st) before Summer Camp Starts
