# Rock Climbing Apparel

| A collection designed for female rock climbers based off of preferences gathered through interview research. Each prototype was tested on several rock climbers to assess the garment's fit, function and durability, and then revised to create the best possible prototype.

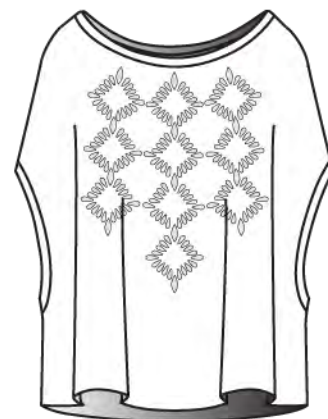

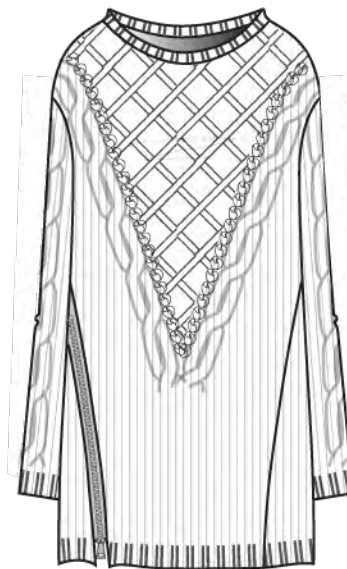

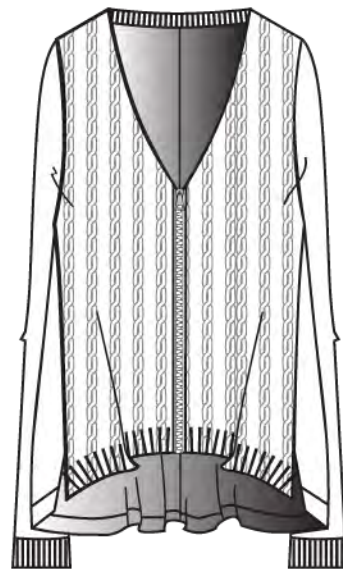

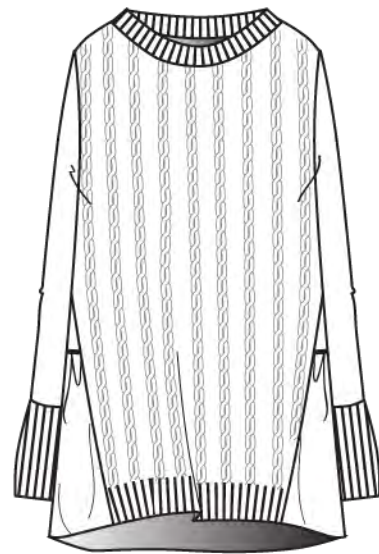

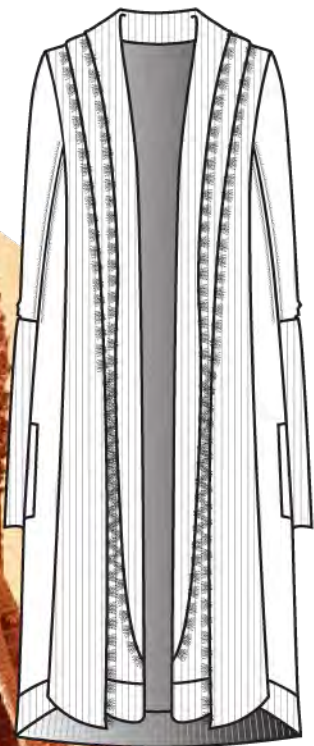

# Rock Climbing Apparel CADs

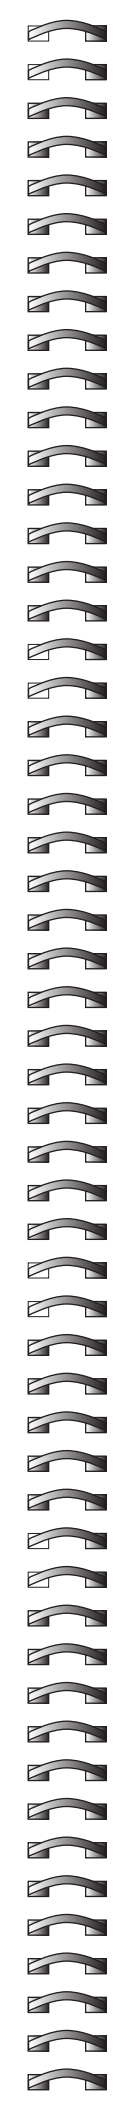

# Ella Moss & Juicy Couture

# Pam & Gela Sweaters

# Felt + Knitwear

| The winning design of the ATEXINC Award for Excellence in Marketable Textile Design. This is a handmade sweater with alpaca roving infused through the knit using nuno felting techniques

# Sweater Concepts

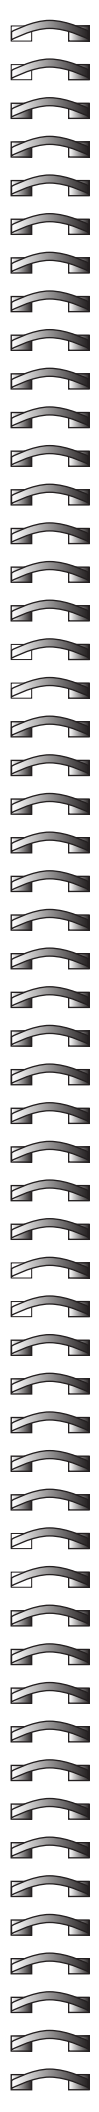

# Athleisure Concepts

# Reclaim Project

| The winning design of the 2011 Reclaim Project, a 24 hour design challenge to make a men's snowboarding jacket out of scrap materials
