Luxury Aboard Your Own Yacht

Mariner III.

If you are having a wedding, wedding reception dinner, bridal shower, bachelor party, honeymoon -- then you will need a yacht!

A wedding is one of the most important days of a man and a woman's life. And Lots of Yachts can help make your wedding even more special.

They offer a complete line of wedding services, from fancy and elegant yachts in New York Harbor for that great reception, to fine catering, fantastic photography, exceptional music, and even originally sewn bridal gowns.

A day aboard one of their yachts in New York Harbor will never be forgotten. It will be as memorable as your wedding itself!

The boats in the Lots of Yachts fleet accommodate from two to 600 people. And their honeymoon yachts are in the Caribbean and the Mediterranean.

All their cruises are a minimum of four hours long (though you can stay as long or as short as you like), with a top shelf open bar and catering from cana-

pes to wedding cake. You'll cruise to the Statue of Liberty and have a champagne toast! Up the Hudson and dance to your favorite love songs with their fine musicians: jazz, pop, classical or rock! Then it's on to the towers of the World Trade Center to cut the cake, and past the United Nations, where you and your guests will celebrate your marriage in peace and harmony!

Of course, if you don't like water, Lots of Yachts features lots of spots on land where you can celebrate this joyous of times.

And when it comes time for the honeymoon, do it on a yacht!

Looking for a different, elegant, exciting and enticing experience that caters to all your fantasies and most of your whims on the honeymoon? One that offers you the personal service and fine attention that even your mother never gives you? If so, let Lots Of Yachts take you aboard one of their very special, very private yachts for a honeymoon you will *never* forget! Their boats are avail-
