

# Schedule of Conference

## Sunday, 28 May, 2017 - Cultural Center Mechelen

18:00 - 20:00

Welcome Reception and Early Registration – Welcome speech EAPL President

## Monday, 29 May, 2017 - LAMOT Conference Center, Mechelen

8:30 - 9:15

Registration (Central Hall)

9:15 – 9:30

Welcome speech & practical information (Auditorium)

9:30 - 10:30

Keynote session – The Biology of Violence - Adrian Raine (Auditorium)

10:30 - 11:00

Coffee Break (Central Hall)

11:00 – 12:15

### Session 1

*Judicial decision making: experts*

(Dijlezaal)

**Gonçalves, F.V. et al.**  
To know or not to know. What should be the context?

**Scanlon, P. et al.**  
Examining juror certainty based on expert firearms testimony.

**Geurts, R. et al.**  
Assessing threats of violence: professional skill or common sense?

**Nyman, T. et al.**  
Beyond reasonable doubt: establishing thresholds for reliable eyewitness identification evidence.

### Session 2

*Interviewing: Police*

(Begijnzolder)

**Almansoori, R. et al.**  
Dubai police officers' perception of interviewing when dealing with major crime.

**Conchie, S. et al.**  
Criminal disruption: what methods promote errors in groups?

**Mergaerts, L. et al.**  
Defining and identifying the vulnerability of suspects: towards a conceptual framework.

**Wylter H.**  
What would I say? Exploring differences in suspect's interview strategies depending on the ethnic background and type of crime.

### Session 3

*Sexual violence*

(Verloren Zoon)

**Zietlow, B. et al.**  
Human trafficking for the purpose of sexual exploitation – the unprovable criminal offense?!

**Crossley, L. et al.**  
The dark triad and sexual assault perpetration among college men.

**Scarpati, A. et al.**  
Men's attitudes towards sexual violence in Brazil and Britain: should the justice system be concerned about that?

**Winters, C. L. et al.**  
The dark triad and jealousy: sex differences in experience, induction, and motives.

### Session 4

*Online & cybercrime*

(Herten Aas)

**Dozortseva, E. et al.**  
The internet and incitement of adolescents to suicide.

**Jonas, J. et al.**  
Victims' responses to an offender's digital apology: the role of perceived suffering and responsibility-taking.

**Watson, S. J. et al.**  
Identifying insider attacks through language change in an immersive police operations simulation.

**Geyer, K.**  
Does a propensity for risky behavior influence smartphone security?

### Symposium 1

*New advances in memory detection*

(Scala)

**Chair Klein Selle, N.**

**Orthey, R. et al.**  
Resistance to countermeasures in forced choice performance testing.

**Klein Selle, N. et al.**  
An exploration of the sensitivity of the concealed information text.

**Meijer, E. H. et al.**  
Detecting concealed information during sleep.

**Klein Selle, N. et al.**  
Memory detection: The effects of emotional stimuli.

### Symposium 2

*Operational challenges for frontline emergency service in their interaction with the public*

(Alcazar)

**Chair Dando, C.**

**Shawyer, A. et al.**  
Developing evidence-based communication protocols for fire and rescue services: control room operators.

**Minhas, R. et al.**  
A qualitative comparative analysis of racial stereotypes in police decision-making.

**Baker, B. et al.**  
Obtaining investigation relevant information through investigative empathy.

**Walsh, D.**  
Examining associations between rapport, questioning and evidence disclosure strategies and the outcome on interviews with suspects in England and Wales.

**Milne, B. et al.**  
The whole truth and nothing but the truth? Transforming verbal interviews into written statements.

12:15 - 13:15	<b>Lunch Break (Central Hall)</b>					
13:15 - 14:30	<b>Session 5</b> <i>Lie detection [1]</i>  <i>(Begijnenzolder)</i>	<b>Wagenaar Symposium</b> <i>Eyewitness: Accuracy</i>  <i>(Dijlezaal)</i>	<b>Session 7</b> <i>Virtual reality</i>  <i>(Herten Aas)</i>	<b>Session 8</b> <i>Practice in Psychology and Law</i>  <i>(Verloren Zoon)</i>	<b>Symposium 3</b> <i>Investigative interview: Challenges in the human trafficking area</i>  <i>(Scala)</i>	<b>Symposium 4</b> <i>Challenges in the field of malingering: Perspective of research and practice</i>  <i>(Alcazar)</i>
	<p><b>Nahari, G. et al.</b> Content-based tools for lie detection and language behavior.</p> <p><b>Areh, I. et al.</b> Accuracy of the Scientific Content Analysis (SCAN).</p> <p><b>Bogaard, G. et al.</b> The verifiability approach: Giving example statement increases the number of verifiable details.</p> <p><b>Gräns, M. et al.</b> Distinguishing between true and false confessions and denials by using the multivariate adults' statements assessment model (MASAM).</p>	<p><b>Kask, K.</b> If only some are arrested – The identification accuracy of single culprit in a multiple perpetrator mock crime.</p> <p><b>Dahl, M. et al.</b> Analysis of eyewitness testimony in a police shooting with fatal outcome – Manifestations of spatial and temporal distortions.</p> <p><b>Sporer, S. L.</b> Confidence of older eyewitnesses: Is it diagnostic of identification accuracy?</p>	<p><b>Meenaghan, A. et al.</b> Using virtual environments to understand the behavior of burglars.</p> <p><b>Taylor, D. et al.</b> Cognition in context: A comparison of eyewitness retrieval in face-to-face and remote avatar mediated interviews.</p> <p><b>Santtila, P. et al.</b> Simulated interviewer training improves interviewing style with real children.</p> <p><b>Habets, P. et al.</b> Measuring sexual preference in child molesters: Investigating a choice reaction time using the Virtual People Set.</p>	<p><b>Malsch, M. et al.</b> The use of empirical findings in legal practice.</p> <p><b>Bühler, A. et al.</b> Challenges for research into military investigations.</p> <p><b>Satchell, L. et al.</b> Analyses for applied accessibility: Suggestions for forensic interview research.</p>	<p style="text-align: center;"><b>Chair</b> <b>Dando, C.</b></p> <p><b>Bennett, S. et al.</b> Forensic interview with child victims of trafficking: Developing best practice.</p> <p><b>Pajón, L. et al.</b> Examining the criminal investigation of human trafficking and modern slavery crimes in the UK.</p> <p><b>Tyson Amurun, O.-O. et al.</b> - The use of interpreters in investigative interviews.</p> <p><b>Grzybek, A. et al.</b> Is the use of interpreters a help or hindrance for memory recall?</p> <p><b>Wilson, L. et al.</b> Emotional bias in interpreter-assisted police interviews.</p>	<p style="text-align: center;"><b>Chairs</b> <b>Merckelbach, H. &amp; Boskovic, I.</b></p> <p><b>Van Impelen, A. et al.</b> Biased symptom reporting and antisocial behavior in forensic samples: A weak link.</p> <p><b>Nielsen, I. J. M. et al.</b> Does the DSM's typology of malingering foster tunnel vision?</p> <p><b>van der Heide, D. et al.</b> Are symptom validity tests too difficult for asylum seekers?</p> <p><b>Merckelbach, H., et al.</b> Overreporting and dissociative symptoms: A qualitative review.</p>
14:30 - 15:00	<b>Coffee Break (Central Hall)</b>					

15:00 - 16:15	<p><b>Session 9</b> <i>Public perception of crime and criminals</i></p> <p>(Verloren Zoon)</p> <p><b>Weiher, L. et al.</b> Beauty or the beast? The impact of attractiveness, type of crime and gender of the defendant on the general public's need for punishment.</p> <p><b>Tuncer, A. E. et al.</b> Gender role attitudes and public punitiveness towards male and female offenders.</p> <p><b>Koçak, M. et al.</b> The effects of moral disengagement, values, gender roles and perceived threat on the approval of hate crime.</p> <p><b>Culda, G. L. et al</b> Intuitive cognitive style facilitates the use of heuristics in case of rape evaluations.</p>	<p><b>Session 10</b> <i>Credibility assessment of victims</i></p> <p>(Herten Aas)</p> <p><b>Shaw, J. et al.</b> When is the issue of false memory raised in historical child sexual abuse allegations? An archival study of 496 British cases.</p> <p><b>Hillman, J. et al.</b> The moves of a malingerer: Physical differences in deceptive motion using point-light displays and the imposition of cognitive load.</p> <p><b>Ask, K.</b> Perceived complainant credibility: The roles of emotions, empathy, and facial mimicry.</p>	<p><b>Session 11</b> <i>Psychopathy</i></p> <p>(Begijnzolder)</p> <p><b>Fonseca, A. C. et al.</b> Predicting antisocial behavior in young adulthood: Psychopathy versus low self-control.</p> <p><b>Körner, A. et al.</b> Psychopathy from a bio-psycho-social perspective.</p> <p><b>Sellbom, M. et al.</b> Introducing the comprehensive assessment of psychopathic personality (CAPP) – self-report: Development and initial validation.</p> <p><b>Rode, M. M. et al.</b> Does the temperament go well with criminal thinking?</p>	<p><b>Session 12</b> <i>Cross-cultural Psychology and Law</i></p> <p>(Dijlezaal)</p> <p><b>Saba, J. et al.</b> Cross-cultural approach to the investigating traditional practices – The diversity of thought roundtable analysis.</p> <p><b>Tache, I. et al.</b> Unexpected questions in cross-cultural verbal deception detection.</p> <p><b>Michaux, E. et al.</b> Does the ethnicity of the suspect influence the judge's decision? Experiments in Belgium and the Netherlands.</p> <p><b>Taylor P. J. et al.</b> Cross-cultural efficacy of symptom validity test for identifying concealed information.</p>	<p><b>Symposium 5</b> <i>Virtual training of (transnational) police investigation and interview</i></p> <p>(Scala)</p> <p><b>Chairs</b> <b>Jaspaert, E. &amp; Vervaeke, G.</b></p> <p><b>Jaspaert, E. et al.</b> Training trajectory for virtual training in transnational police collaboration and suspect interview</p> <p><b>Rato, D. et al.</b> The role of a virtual trainer : measuring and classifying police interviews</p> <p><b>Nahari, G. et al.</b> Humanizing the virtual suspect in a police interview</p>	<p><b>Symposium 6</b> <i>Veracity and deception: Motivation and behavior</i></p> <p>(Alcazar)</p> <p><b>Chair</b> <b>Satchell, L. P.</b></p> <p><b>Adams-Quackenbush, N. M. et al.</b> Observing expectancy effects in truth-tellers: Implied interviewer biases influences behaviour in interviewees.</p> <p><b>Cassidy, H. et al.</b> Activation-Decision-Construction-Action Theory model: An explorative study of how cost-benefit calculations influence adults' truth-telling and lying behaviour for antisocial versus prosocial lies.</p> <p><b>Harvey, A. C. et al.</b> Deception and decay: Verbal lies as a function of delay and encoding quality.</p> <p><b>Jupe, L. M. et al.</b> Applying the verifiability approach in an international airport setting.</p>
16:15 - 17:30	<b>Keynote session – Machine learning &amp; prediction of behavior - Kent Kiehl &amp; Ekaterina De Vries (Auditorium)</b>					
17:30 – 19:00	<b>EAPL-s Meeting (Herten Aas)</b>					
20:00	<b>Cultural event – JUST= (Hof van Savoye, Voochtstraat 7)</b>					

## Tuesday, 30 May, 2017 - LAMOT Conference Center, Mechelen

9:00 - 10:15	<b>Keynote session – Intercultural Psychology &amp; Law - Cynthia Willis-Esqueda &amp; Marie-Claire Foblets (Auditorium)</b>					
10:15 - 10:45	<b>Coffee Break (Central Hall)</b>					
10:45 - 12:00	<b>Session 13</b> <i>Interviewing: Interpreters &amp; Lawyers</i>  <i>(Begijnzolder)</i>  <b>Tyson Amurun O.-O. et al</b> - The use of interpreters in investigative interviews.  <b>Vrij, A. et al.</b> Using the model statement to elicit information and cues to deceit in interpreter-based interviews.  <b>Tersago, P. et al.</b> The side effect of Salduz: Heuristic acceptance of suspect's statement.	<b>Session 14</b> <i>Eyewitnesses: The face in context</i>  <i>(Dijlezaal)</i>  <b>Ellis, S. et al.</b> Where I have seen you before?  <b>Frowd, C. D. et al.</b> Visualizing the exterior context: The benefit to holistic face production.  <b>Lander, K. et al.</b> Can animated face composites make them more recognizable?  <b>Fodarella, C. et al.</b> The impact of mental reinstatement of context and holistic interviewing on the production of facial composites.	<b>Session 15</b> <i>Deterrence</i>  <i>(Verloren Zoon)</i>  <b>Marquant, T. et al.</b> Forensic assertive community treatment in a continuum of care for internees: Results of a controlled cross-sectional study after 33 months.  <b>Morales Córdova, H.</b> Drug use among Peruvian young offenders: An evaluation research from a developmental approach.  <b>Kapardis, A. et al.</b> Testing deterrence theory for serious traffic offenders in Cyprus empirically: Legal and psychological aspects.  <b>Hardy, J. et al.</b> "It's like they want you to go back to jail." Stigma as a barrier to resettlement for female offenders.	<b>Session 16</b> <i>Risk assessment</i>  <i>(Herten Aas)</i>  <b>Pouls, C. et al.</b> Field validity of the HCR-20.  <b>Laurinavičius, A. et al</b> Examination of the relationships between the MMPI-2 and the HCR-20 in samples of male and female violent offenders.  <b>Coteur, K. et al.</b> Risk assessment: Predicting intimate partner violence?	<b>Symposium 7</b> <i>Regulation of online marketing practices</i>  <i>(Scala)</i>  <b>Chair</b> <b>Sibony, A.-L.</b>  <b>Sibony, A.-L.</b> What is the use of psychology in consumer protection law?  <b>Poncin, I. et al.</b> Personalization, trust, and law in the digital world.  <b>Trzaskowski, J.</b> Storytelling and privacy: How modern marketing challenges the law.	<b>Symposium 8</b> <i>The Blackstone Consortium</i>  <i>(Alcazar)</i>  <b>Chairs</b> <b>Horselenberg, R. &amp; van Koppen, P.</b>  <b>Horselenberg, R.</b> Introduction to the consortium.  <b>Santtila, P.</b> The case of Anneli Auer.  <b>De Boer, M. et al.</b> Murder during carnival: Drunk eyewitnesses.
12:00 - 13:00	<b>Lunch Break (Central Hall)</b>					
13:00 - 14:15	<b>Keynote session – Psychology and Law in a digital world – Frans Leeuw &amp; Christopher Slobogin (Auditorium)</b>					

14:15 – 15:30	<p style="text-align: center;"><b>Pitch session 1</b> (Scala)</p> <p><b>Cherryman, J. et al.</b> - Mock juror's perception of guilt of an alleged perpetrator: effects of the child witness failing or passing the truth and lies test.</p> <p><b>Houben, S. et al.</b> - The consequences of EMDR on the susceptibility to emotionally-negative and neutral false memories.</p> <p><b>Friedrich, W.</b> - Experiencing moral feelings by first-time offenders and penitentiary recidivists.</p> <p><b>Mohammadi, M.</b> – Torture and psychological rehabilitation, a literature review.</p> <p><b>Avşar, R. et al.</b> - Enlightenment instructions decrease the acceptance of central misinformation.</p> <p><b>Gonçalves, F. V et al.</b> - More than lies: mixed analysis methodology on detecting deception.</p> <p><b>Jager, D. et al.</b> - Does alcohol use influence the relation between memory functioning and suggestibility? An exploratory study.</p> <p><b>Werner, C.</b> - To what extent does the law need to do more to address gendered workplace dress code?</p> <p><b>Kloft, L. et al.</b> - Drug effects on false memories in a legal context.</p> <p><b>Nguyen, N. et al.</b> - The influence of dehumanization on judicial judgments.</p> <p><b>Serie, C. M. B.</b> - Well-being and recidivism in adolescent delinquents with psychiatric disorders. Does living a good life result in a reduction of recidivism rates?</p> <p><b>Verigin, B. et al.</b> - Where the truth lies: within-statement deception detection.</p> <p><b>Yamasaki, Y. et al.</b> - Research for the bias in the fact finding process in view of different interrogation techniques and camera angles.</p> <p><b>Caivano, O. et al.</b> - Role of theory of mind in children's disclosure of an antisocial and prosocial secret.</p> <p><b>Hershkowitz, I. et al.</b> - Credibility assessment in child abuse investigations.</p>	<p style="text-align: center;"><b>Pitch session 2</b> (Dijlezaal)</p> <p><b>Ildirim, E. et al.</b> - Insanity defense in Turkey: a historical and an organizational evaluation.</p> <p><b>Srivatsav, M. et al.</b> - Examining strategic order of presenting evidence during suspect interrogation.</p> <p><b>Van der Auwera, J. et al.</b> - Predictive profiling at airports: a license to screen specific ethnic groups?</p> <p><b>Backman, H. et al.</b> - Protective factors of psychopathy and adolescent delinquency.</p> <p><b>De La Fuente Vilar, A. et al.</b> - Memory of uncooperative witnesses.</p> <p><b>Portch, E. et al.</b> - Does animation improve the ability to match unfamiliar facial composites?</p> <p><b>Verschuere, B. et al.</b> - What are the core features of psychopathy? A prototypical analysis using the Psychopathy Checklist-Revised (PCL-R).</p> <p><b>Kuhle, L. F. et al.</b> - Facets of empathy and psychopathy in undetected sadistic pedophiles.</p> <p><b>Romeo, T. et al.</b> - The effect of false denials on memory for a negative virtual reality experience.</p> <p><b>Yaromenko, S. et al.</b> - Chronotype and time-of-day effects on eyewitness memory.</p> <p><b>Iordanou, C. et al.</b> - Investigative interviews of children: does drawing facilitate their memory?</p> <p><b>Klein Selle, N. et al.</b> - What mechanism underlies ERP-based concealed information detection?</p> <p><b>Middleton, C. et al.</b> - Socrates' trial in theatre: using literature and arts to socialize law and justice.</p> <p><b>Hoogesteyn, K. et al.</b> - Improving the disclosure of information in a forensic interview.</p>
15:30 - 16:00	<b>Coffee Break</b> (Central Hall)	

16:00 - 17:15	<p><b>Session 17</b> <i>Lie detection [2]</i></p> <p>(Scala)</p> <p><b>Schemmel J. et al</b> How person-specific is content quality? Consistency of CBCA-scores over different truthful and fabricated accounts.</p> <p><b>Vernham, Z. et al.</b> The application of the verifiability approach to the detection of deception in alibi witness scenarios.</p> <p><b>Izotovas, A. et al.</b> Memory-based lie detection: The effects of different memory enhancing techniques on immediate and repeated delayed statements.</p> <p><b>Warmelink, L. et al.</b> Countermeasures to IAT used for lie detection.</p>	<p><b>Session 18</b> <i>Judicial decision-making: The guilt decision</i></p> <p>(Dijlezaal)</p> <p><b>D’Aniello, C. et al.</b> Guilty or not guilty: what if we ask “why”? The professional jurors’ point of view.</p> <p><b>Wojciechowski, B. W.</b> Legal decision making and quantum probability theory.</p> <p><b>Taylor, R. et al.</b> The impact of disregard instructions and mode of presentation on pre-trial publicity</p> <p><b>Lidén, M. et al.</b> “Guilty, no doubt”: A study on how judges’ detention decisions influence their decisions about guilt.</p>	<p><b>Session 19</b> <i>Prison and prisoners’ behavior</i></p> <p>(Verloren zoon)</p> <p><b>Klatt, T. et al.</b> Prison characteristics as predictors of inmate misconduct.</p> <p><b>Yoon, D. et al.</b> The relevance of risk assessment to institutional behavior of sexual offenders undergoing correctional treatment.</p> <p><b>Kasperek, K.</b> Is prison climate related with preference of non-suicidal self-injury? Development of the theoretical model.</p>	<p><b>Session 20</b> <i>Crime investigation: The criminal stories</i></p> <p>(Herten Aas)</p> <p><b>Tonkin, M. et al.</b> Linking property crime using offender crime scene behaviour: A comparison of different statistical models.</p> <p><b>van der Kemp, J. J. et al.</b> - Scripting crime scenarios? Comparing crime scripts vs. crime scenario’s for investigative value.</p> <p><b>Ciesla, K. et al.</b> Female offenders’ crime narratives: Avenging angel or choiceless victim?</p> <p><b>Parkhouse, T. et al.</b> How effective is unanticipated questioning for detecting deception? It depends on what you ask.</p>	<p><b>Session 21</b> <i>Young offenders</i></p> <p>(Begijnzolder)</p> <p><b>Kuay, H. S. et al.</b> Callous-unemotional traits predict peer and family aggression among adolescents.</p> <p><b>Palmer, E. J. et al.</b> The effects of maternal and paternal parenting on aggression and self-reported delinquency in young people and the mediating role of hostility.</p> <p><b>Fonseca, A. C. et al.</b> Long-term adverse outcomes of adolescent heavy drinking: Delinquency, substance abuse and related problems.</p> <p><b>McCardle, M. I. et al.</b> The administration of Canadian youth interrogation rights: A field study.</p>	<p><b>Symposium 9</b> <i>Legal advice in suspect interviews: Practice and training</i></p> <p>(Alcazar)</p> <p><b>Chair</b> <b>Vanderhallen, M.</b></p> <p><b>Tersago, P. et al.</b> The assistance of a lawyer during police interviews in Belgium: Just another brick in the wall?</p> <p><b>Maegherman, E. et al.</b> Providing legal advice in practice: Challenges for quality.</p> <p><b>Mols, V. et al.</b> Supralat: Strengthening suspects’ rights in the pre-trial proceedings through practice-oriented training for lawyers.</p>
17:15 - 18:15	<b>EAPL Members Meeting</b>					
19:00	<b>City Hall Reception &amp; Conference Dinner – Awards (City Hall, Reuzenstraat 1)</b>					

**Wednesday, 31 May, 2017 - LAMOT Conference Center, Mechelen**

<p>09:00 - 10:15</p>	<p><b>Session 22</b> <i>Interviewing: Interviewer - interviewee relationship</i></p> <p>(Herten Aas)</p> <p><b>Brackmann, N. et al.</b> (How) does current praxis to build rapport work to improve eyewitness recall.</p> <p><b>Oostinga, M. S. D. et al.</b> "Breaking (the) ice": Communication error recovery in suspect interviews and crisis negotiations.</p> <p><b>Hudson, C. et al</b> Individual differences in information accumulation and interviewing aptitude.</p> <p><b>Vredeveldt, A. et al.</b> Instructing eyewitnesses to collaborate effectively.</p>	<p><b>Session 23</b> <i>Eyewitness identification: Line-up</i></p> <p>(Dijlezaal)</p> <p><b>Sauerland, M. et al.</b> Testing a radical alternative to traditional identification procedures: Reaction time-based concealed information test does not work for lineups.</p> <p><b>Scott, A. J. et al</b> Eyewitness identification: Simultaneous vs. sequential and identity vs. similarity.</p> <p><b>Levi, A.</b> Evidence for the superiority of the large lineup.</p> <p><b>Wittwer, T. et al.</b> Automatic and controlled strategies in lineup decision making.</p>	<p><b>Session 24</b> <i>Victim's trauma</i></p> <p>(Verloren Zoon)</p> <p><b>Baykuzu-Gündüz, G. et al.</b> - The relationship between traumatic stress symptoms, resort to legal remedies and belief in a just world in university students.</p> <p><b>Kaya, H. et al.</b> The psychological effects of the levels of exposure to a terrorist attack.</p> <p><b>Jakobsen, K. et al.</b> Providing trauma support within the investigative interview.</p>	<p><b>Session 25</b> <i>Family conflicts</i></p> <p>(Begijnzolder)</p> <p><b>McPherson, S. B.</b> Lay guardian <i>ad litem</i>: Targets for friendly fire and hostile takeovers - and what will best answer the needs of the court.</p> <p><b>Sumampouw, N. et al.</b> Legal and non-legal Indonesian professionals' proper and supposed understanding of high-conflict divorce couples.</p> <p><b>Zumbach, J. et al.</b> Predictors of psychological evaluation recommendations in proceedings of parental termination.</p> <p><b>Lavoie, J. et al.</b> Children's judgments about disclosing parent and strangers' transgressions.</p>	<p><b>Symposium 10</b> <i>The utility of various detection methods in malingering research</i></p> <p>(Scala)</p> <p><b>Chairs</b> <b>Boskovic I., Merckelbach, H. &amp; Jelicic, M.</b></p> <p><b>Jelicic, M.</b> "There is a deep black hole in my memory". Differentiating feigned amnesia from genuine memory loss for an offence.</p> <p><b>Mangiulli, I. et al.</b> Can the IAT detect source information in crime-related amnesia?</p> <p><b>Akehurst, L. et al.</b> An evaluation of the full and abbreviated version of a checklist to aid judgment of credibility in the medico-legal setting.</p> <p><b>Boskovic, I. et al.</b> Stroop performance and symptom endorsement in feigning test anxiety.</p>	<p><b>Symposium 11</b> <i>Uses of technology in assessment, treatment and management in forensic services</i></p> <p>(Alcazar)</p> <p><b>Chair</b> <b>Glorney, E.</b></p> <p><b>Collins, N. et al.</b> The utility of polygraphy with mentally disordered sex offenders within a secure hospital.</p> <p><b>Glorney, E. et al.</b> The development of a quantitative observation system for early warning of physical aggression within a secure environment.</p> <p><b>Perkins, D.</b> Use of psychophysiological and implicit measures of sexual deviance in treatment planning for Internet-based child sexual exploitation offenders.</p>
----------------------	---	--	--	--	---	---

10:30 - 11:45	<p><b>Session 26</b> <i>Memory malleability</i></p> <p>(Begijnzolder)</p> <p><b>Palu, A. et al.</b> Improving of hindering? The effect of using neutral visual aids in interviewing child eyewitnesses.</p> <p><b>Luther, K. et al.</b> Visual learning: The effect of sketching on recall of a witness account.</p> <p><b>Mojtahedi, D. et al.</b> The malleability of eyewitnesses: Investigating the external predictors for eyewitness suggestibility.</p> <p><b>Wang, J. et al</b> The consequences of false recollections and beliefs on food preferences.</p>	<p><b>Session 27</b> <i>Judicial decision-making: Jurors</i></p> <p>(Herten Aas)</p> <p><b>Lorek, J.</b> The effects of jurors' divided and sustained attention on note taking during trials and memory of trial evidence.</p> <p><b>Dunlevy, J. et al.</b> Mock juror perceptions: Examining the effect of witness age and number of viewings of the line-up.</p> <p><b>Schweitzer, N. J.</b> How biological evidence both aggravates and mitigates judgments of wrongdoers.</p>	<p><b>Session 28</b> <i>Interviewing - Techniques</i></p> <p>(Dijlezaal)</p> <p><b>Akehurst, L. et al.</b> Preventing skills fade? Evaluating the effectiveness of interviewers' self-assessment of their specialist interviews.</p> <p><b>Meyer, K et al.</b> Misleading non-verbal gestures in forensic interviewing: An investigation of the gestural misinformation effect in adult eyewitness interviews.</p> <p><b>Neequaye, D. A. et al.</b> Streamlining disclosure in investigative interviewing: The joint influence of priming and motivational interviewing.</p> <p><b>Rechdan J. et al.</b> Applying the model statement technique in investigative interview with eyewitnesses.</p>	<p><b>Session 29</b> <i>Child sexual abuse</i></p> <p>(Verloren Zoon)</p> <p><b>Ernberg, E. et al.</b> Sexual abuse investigations involving preschool-ages complainants - Which cases are prosecuted?</p> <p><b>Magnusson, M. et al.</b> Admitting sexual abuse against infants and preschoolers: Defendants statements in Swedish court cases.</p> <p><b>Tadei, A. et al.</b> A promising Bayesian approach to child sexual abuse investigations.</p> <p><b>Westera, N. et al.</b> Lawyers' practices for cross-examining child sexual abuse complainants about inconsistent testimony.</p>	<p><b>Symposium 12</b> <i>Recent insights into the detection of concealed information</i></p> <p>(Scala)</p> <p><b>Chairs</b> <b>Suchotzki, K. &amp; Verschuere, B.</b></p> <p><b>Ben-Shakhar, G. et al.</b> Detecting concealed memory of personally familiar faces via eye movements.</p> <p><b>Geven, L. et al.</b> Conceal, don't feel, don't let it show: Intentional versus instructed cheating in the Concealed Information Test.</p> <p><b>Verschuere, B. et al.</b> Familiarity-based fillers improve the validity of reaction time-based memory detection.</p> <p><b>Suchotzki, K. et al.</b> How susceptible are reaction time based deception measures to faking attempts?</p>	<p><b>Symposium 13</b> <i>The believability of alibis: Bridging the gap between research and legal practice</i></p> <p>(Alcazar)</p> <p><b>Chair</b> <b>van Koppen, P. J.</b></p> <p><b>Maegherman, E. et al.</b> Knowledge evidence for alibis</p> <p><b>Clark, K.</b> Alibi evidence in the courtroom: Perceptions and experiences of criminal barristers.</p> <p><b>Fawcett, H. et al.</b> The effect of judicial guidance and expert testimony upon alibi skepticism.</p> <p><b>Nieuwkamp, R. et al.</b> The "Alibi generation effect" among police detectives.</p>
11:45 - 13:00	<b>Closing Ceremony with reception – Closing speech EAPL President (Central Hall)</b>
