

Call for Abstracts for Paper and Digital Poster Presentations

The conference committee invites clinicians, researchers, consumers, policy makers and health care organisations to submit abstracts for presentations or digital posters that reflect the conference themes.

Abstract Submission Open: 26th June 2019

Submission Deadline: Midnight 27th September 2019

Conference Themes:

- International Health & Social Care Innovation
- Service Integration
- Business/Funding Models
- Digital Health
- Value Based Healthcare
- Change Management & Capacity Building
- Consumer Activation
- Policy Enablers

Please note rural and indigenous abstracts are encouraged and will be linked with the appropriate theme. Travel support will be available for the highest scoring indigenous abstract.

Abstracts will be judged by an expert panel according to the following criteria:

- Clarity of aims, methods and conclusions (35%)
- Contribution to knowledge (35%)
- Alignment with the 2020 International Health Care Reform Conference Themes (30%)

Abstract Format:

Abstracts for oral or digital poster presentations must include background and aims, methodology, results and conclusion. Abstracts longer than 250 words will not be considered.

Oral Presentations

Oral presentations will be 15 minutes in total, allowing for 10 minutes for the presentation and 5 minutes for the questions. Those abstracts not selected for paper presentation may be offered a digital poster presentation.

Digital Poster Presentations

Digital poster presentations will be 'display only' on plasma screens located in the exhibition and catering areas. The plasma screen will show the list of presentations that are loaded, and attendees can peruse these during breaks. Presenters will be provided with a Power Point template to build their digital posters which can include elements such as images and videos.

Digital poster dimensions: The Power Point template is 80cm wide x 140cm high maximum (Portrait style only)

5th International Health Care Reform Conference

Merging Health System Siloes: Progress and Pitfalls

Intercontinental Double Bay
25th - 27th March 2020

** Please note these dimensions are fixed and anything outside these dimensions will not display on the screen

A prize will be offered for the best digital poster. Judging criteria will include:

1. Originality of the research idea
2. Relevance to primary care
3. Appropriateness of study design
4. Validity of data collection
5. Appropriateness of data analysis
6. Data presentation
7. Appropriateness of conclusion
8. Adequacy of discussion
9. Clarity and style

Digital posters will be exhibited for the duration of the conference.

Submission Link:

To submit an abstract, please browse to link below and follow the prompts:

<https://yrd.currinda.com/event/1191/submit/175>

Confirmation of Receipt of Abstracts

Immediately following submission, you will receive an acknowledgment email confirming receipt of your abstract. If you need to make changes to your abstract submission, you can do so by logging back into your dashboard no later than the submission deadline, 27th September 2019. No changes will be possible after this deadline.

Acceptance Notification

Authors presenting digital posters and talks will be notified by acceptance by Monday 4th November 2019.
