1. Introduction

At *St. John XXIII Primary School* we hold the care, safety and wellbeing of children as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of *St. John XXIII Primary School* to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to school staff, including school employees, volunteers, contractors and clergy.

3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children are respected, their voices are heard and they are safe and feel safe ([CECV Commitment Statement to Child Safety](#)).

The following principles underpin our commitment to child safety at St. John XXIII Primary School:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.

- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents or guardians.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Definitions used in this Policy

Child: A child enrolled as a student at the school.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child. ([Ministerial Order No. 870](#))

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

Child neglect: The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing. ([Safe Schools Hub](#))

Child physical abuse: Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour. ([Safe Schools Hub](#))

Child protection: Statutory services designed to protect children who are at risk of serious harm. ([Safe Schools Hub](#))

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse.

Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher); the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion
- non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not considered abuse. ([Safe Schools Hub](#))

Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners. ([Safe Schools Hub](#))

Reasonable Belief: When staff are concerned about the safety and wellbeing of a child, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as

forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- (a) a campus of the school
- (b) online school environments (including email and intranet systems)
- (c) other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events). ([Ministerial Order No. 870](#))

School staff means an individual working in a school environment who is:

- (a) directly engaged or employed by a school governing authority
- (b) a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- (c) a minister of religion. ([Ministerial Order No. 870](#))

6. Responsibilities and Organisational Arrangements

Everyone employed or volunteering at St. John XXIII Primary School has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all students is at the forefront of all they do and every decision they make. ([CECV Commitment Statement to Child Safety](#))

The school has allocated roles and responsibilities for child safety as follows.

6.1 Guide to Responsibilities of School Leadership

The principal, the school governing authority and school leaders at St. John XXIII Primary School recognise their particular responsibility to ensure the development of preventative

and proactive strategies that promote a culture of openness, awareness of and shared responsibility for child safety. Responsibilities include:

- creating an environment for children to be safe and to feel safe
- upholding high principles and standards for all staff, clergy, volunteers, and contractors
- promoting models of behaviour between adults and children based on mutual respect and consideration
- ensuring thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of staff
- ensuring that school personnel have regular and appropriate learning to develop their knowledge of, openness to and ability to address child safety matters
- providing regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to child protection and wellbeing
- ensuring the school meets the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

6.2 Guide to Responsibilities of School Staff

Responsibilities of school staff (school employees, volunteers, contractors and clergy) include:

- treating children with dignity and respect, acting with propriety, providing a duty of care, and protecting children in their care
- following the legislative and internal school processes in the course of their work, if they form a reasonable belief that a child has been or is being abused or neglected
- providing a physically and psychologically safe environment where the wellbeing of children is nurtured
- undertaking regular training and education in order to understand their individual responsibilities in relation to child safety and the wellbeing of children
- assisting children to develop positive, responsible and caring attitudes and behaviours which recognise the rights of all people to be safe and free from abuse
- following the school's Child Safety Code of Conduct.

6.3 Organisational Arrangements

The leadership team under the direction of the Principal will be responsible for the review of the Child Safety Policy and professional development of staff.

7. Expectation of our School Staff – Child Safety Code of Conduct

At St. John XXIII Primary School community, we expect school employees, volunteers, contractors and clergy to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a [Child Safety Code of Conduct](#), which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

8. Student Safety and Participation

At St. John XXIII Primary School, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

Please refer to [Anti-Bullying](#), [Student Wellbeing](#) and ESmart Policies

9. Reporting and Responding

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's [Child Protection – Reporting Policy](#), updated in June 2016, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child who may be in need of protection
- understand how a 'reasonable belief' is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law.

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

All school staff who believe on reasonable grounds that a child or young person is in need of:

- protection from physical harm or sexual abuse – must report their concerns to DHHS Child Protection
- protection from harm that is not believed to involve physical harm or sexual abuse – are encouraged to report their concerns to DHHS Child Protection
- therapeutic treatment – are encouraged to report their concerns to DHHS Child Protection or Child FIRST.

Our complaints and disclosure processes are outlined and detailed in the following policies and procedures:

- [***Grievance and Complaints Procedures***](#)
- [***Pastoral Care Policy***](#)

10. Screening and Recruitment of School Staff

St. John XXIII Primary School will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)

- obtain proof of personal identity and any professional or other qualifications
- verify the applicant’s history of work involving children
- obtain references that address the applicant’s suitability for the job and working with children.

We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

11. Child Safety – Education and Training for School Staff

St. John XXIII Primary School provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

Staff are inducted at the beginning of the school year during a whole staff induction. New staff are inducted when they commence employment or tenure.

12. Risk Management

At St. John XXIII Primary School we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

The School Leadership Team will identify and manage risks. This includes the induction of staff, and managing foreseeable risks.

13. Relevant Legislation

- *Working with Children Act 2005* (Vic.)

- *Equal Opportunity Act 2010* (Vic.)
- *Privacy Act 1988* (Cth)
- *Crimes Act 1958* (Vic.) – Three new criminal offences have been introduced under this Act:

- a) **Failure to disclose offence**: Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
- b) **Failure to protect offence**: The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
- i) **Grooming offence**: This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
