# W.A.P. S. Week 6 q2

Tuesday 12-08-20

## Essential Question :

How to create an effective composition?

## What will I learn today:

How to use the element of art, line, to establish an interpretive and technical art piece.

(VA.912.O.1.1)

## (Agenda)

-Start Final Day 1 of 2

-Submit the Inprogress drawing at the end of class to Artsonia

## Vocabulary:

- **Line** - In terms of art, line is a moving dot.
- **Contour lines** - (outlines) Lines that communicate the boundaries of an object or parts of an object.
- **Line quality** - The thickness or thinness of a line. Line quality can be used to create the illusion of form.
- **Cross contour lines** - Lines that follow the contours or form of the object. These lines can be vertical, horizontal, or both.

# Instructional Time

## PROJECT TITLE: Cross Contour Project

### Directions:

Use your knowledge of line, line quality, and cross contour lines to create a drawing of a scene or subject of your choosing. **1st**, Choose your topic from the 4 options provided. **2nd**, Create 6 different sketches for the topic. **3rd**, Choose the most effective composition that will exemplify form and value. **4th**, Start working on your final using an 8.5 x 11 white drawing paper. Use line to define the boundaries of objects. Use line quality to communicate form and shadow. Use cross contour lines to add shading and communicate the form of the subjects. Finish the drawing with drawing pens. Each day you'll upload the progress of your drawing to Artsonia.

What is due today: In-progress Drawing

How long do I have to work on the final: 2 class meetings

MATERIALS: 8.5 x 11 or 9 X 12 Drawing Paper, Ultra Fine Point Sharpie

### Project Requirements:

- Fill the space and show **good** drawn evidence of the Theme you chose.
- Fill** the space and show **good** evidence of Cross Contour Lines
- Used at least 2 compositional techniques
- Follows directions of assignment creatively. Also, follows Art Room Rules.
- Appears thoughtfully planned; very neatly done; shows unity; “Hanging Quality Work.”

# Instructional Time - STEP 1

## Composition Choice:

**Choice 1** - Go to the website (Magatsu.com) and click the "generate" button. Try to stick with the first theme that is generated for your drawing subject. Then, plan your subject matter through use of a photo or objects to draw from. <https://www.magatsu.net/generators/art/>

**Choice 2** - Go to your FB, Twitter, Instagram, etc. Find the most visually pleasing photo you took and make it 8"x10" (the same size as a printed page) for the subject of your drawing. With a 4"x6" viewfinder, crop in the most aesthetic portion of the image. Think about Rule of Thirds and an asymmetrical composition when planning your drawing.

**Choice 3** - Search for a group of objects to bring in from home that represent you in some way. Create a symbolic self portrait through use of objects to draw from.

**Choice 4** - Choose 1 or 2 objects. Create a collage of multiple viewpoints in a singular composition

## Example for Choice 3:

## Example for Choice 4:

# Instructional Time - STEP 2

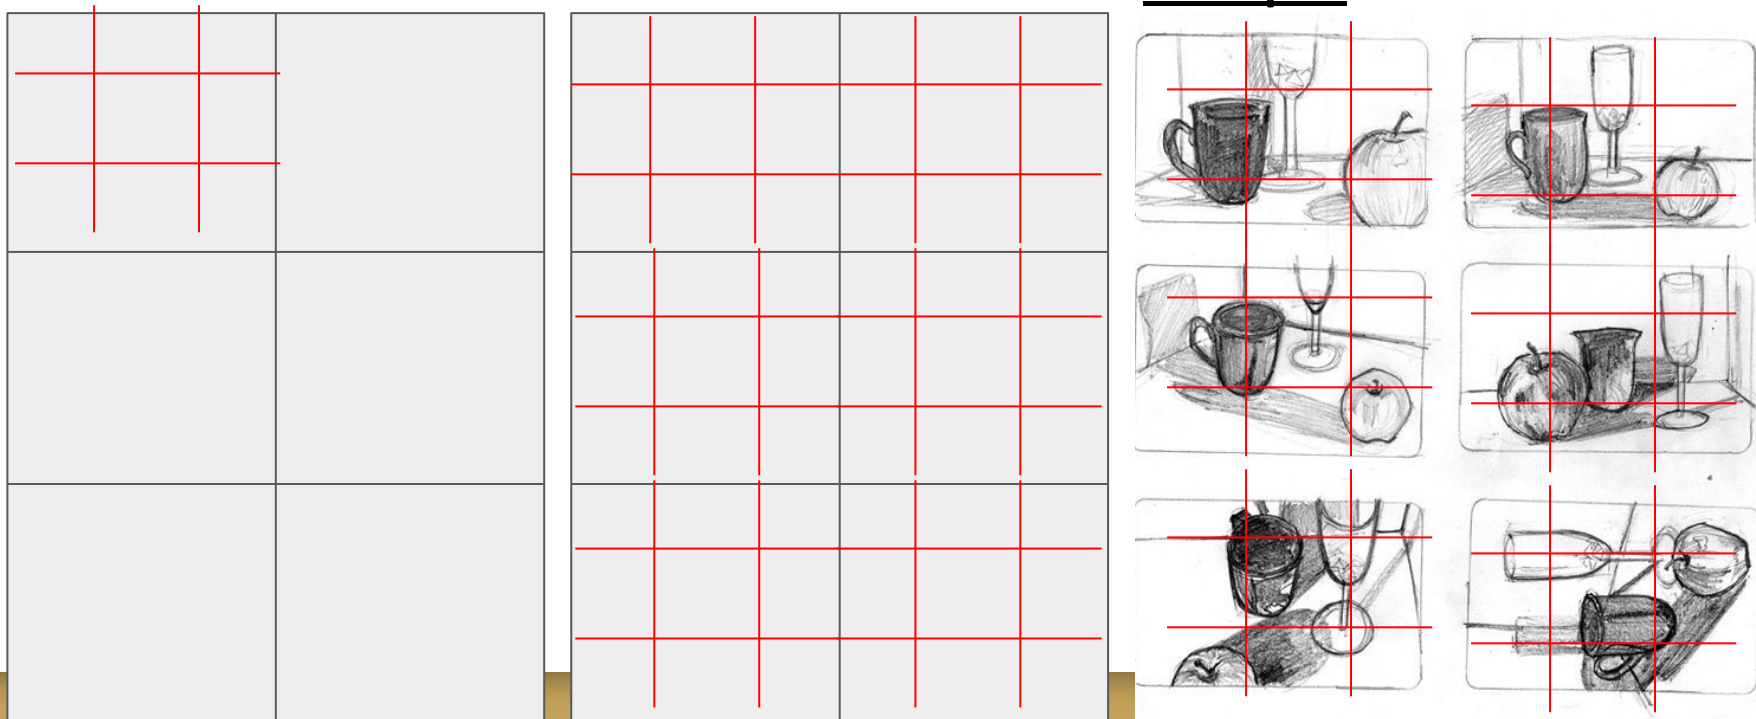

## Directions:

In your sketchbook use your next available page and divide it so that you have 6 squares. Next, set-up the Rule of Thirds grid in each square. After that, create a different sketch in each box, based on the idea you chose. Use at least 2 focal point techniques or principles of design in your sketch.

## Direcciones:

En su cuaderno de bocetos, use la siguiente página disponible y divídala para que tenga 6 cuadrados. A continuación, configure la cuadrícula de la regla de los tercios en cada cuadrado. Después de eso, cree un boceto para la opción que eligió.

## Example:

## Cross Contour Project

### Steps:

**1st,** Choose your topic from the 4 options provided.

**2nd,** Create 6 different sketches for the topic.

**3rd,** Choose the most effective composition that will exemplify form and value. Discuss the option with Mrs. Stewart before moving onto the final paper.

**4th,** Start working on your final using an 8.5 x 11 white drawing paper. Use line to define the boundaries of objects. Use line quality to communicate form and shadow. Use cross contour lines to add shading and communicate the form of the subjects. Finish the drawing with drawing pens.

# Compositional Techniques:

By using the following techniques:

## Focal Point Techniques:

1. **Contrast-** show a difference between the main subject and the rest of the art
2. **Isolation -** alone
3. **Placement -** placing your subject
4. **Convergence**
5. **The Unusual**

## *The Principles of Design*

The tools to plan and organize artwork

<b>Balance</b>		Balance is the distribution of visual weight in an artwork. The three types of balance are symmetrical (two sides are the same), asymmetrical (two sides are different but visually weighted equally) and radial (design emerges from center point).
<b>Contrast</b>		Contrast is the difference between elements in a composition. This can happen through a variety of elements such as value change, size difference, etc.
<b>Emphasis</b>		Emphasis is the creation of a focal point in an artwork. Emphasis draws the viewer's eye to particular areas of the artwork first.
<b>Pattern</b>		Pattern decorates the artwork with regularly repeated elements such as shapes or color.
<b>Unity</b>		Unity means that all elements within the artwork are in harmony. Variety within elements adds interest to the composition.
<b>Movement</b>		Movement is how the eye travels through an artwork. Movement can lead the viewer from one aspect to another within the composition.
<b>Rhythm</b>		Rhythm is the regular repetition of elements such as line, shape and forms to create interest and consistency.
