1:30pm – 2:15 The Future of Primary Care – a legal perspective

Peter Edwards Capsticks

Peter will review some of the current policy drivers in primary care; how these might impact on practices and what you can do now to prepare for the changes ahead. He will look in particular at the partnership model; structures for delivering primary care at scale; the development of the primary care workforce and the impact of the State-backed indemnity scheme on primary care risk.

2:15 – 2:45 Futureproofing Your Practice Premises

Lisa Geary Capsticks

Lisa will outline the implications of the changing shape of primary care for how property is owned and used and the steps which can be taken to futureproof and plan to ensure you maximise flexibility to adapt to this change. She will cover pragmatic housekeeping tips and options for how property is owned, funded and occupied

2:45 – 3:00pm Refreshment Break
