Wockhardt Foundation
Annual Report
2018-19

Organisational information

Wockhardt Foundation is a national, not-for-profit organisation engaged in social service and human welfare activities.

The Foundation is driven by a simple philosophy – ‘Where every smile counts.’ The Foundation’s 16 programmes have ushered in perceptible positive change to the lives of the underprivileged in their respective areas of engagement.

Wockhardt Foundation has been the recipient of a number of awards including the prestigious ‘Asia Healthcare Excellence Award - 2016’ for the Best CSR Practice in Healthcare.

Wockhardt Foundation is promoted by the Mumbai-based Wockhardt Limited. Wockhardt Limited is a global pharmaceutical and biotechnology organisation, providing affordable, high-quality medicines for a healthier world. It is India’s leading research-based global healthcare enterprise with entrenched

expertise in the fields of pharmaceuticals, biotechnology and a chain of super-speciality hospitals.

Wockhardt Limited is a true Indian MNC with a multi-ethnic workforce comprising around 7,000 associates hailing from 21 nations around the globe. The Company has three research centres and 12 manufacturing plants handling the manufacture and marketing of pharmaceutical and bio-pharmaceutical formulations, active pharmaceutical ingredients (APIs) and vaccines.

Wockhardt Foundation is a coming together of human values, social awareness and social development.

This Annual Report of Wockhardt Foundation covers the period from April 2018 to March 2019, in line with the financial year usually followed in India. The exercise is usually annual in nature. This is the fifth report of its kind by the Foundation.

This is an
imperfect world.

Marked by disease,
suffering and
inequity.

Wockhardt
Foundation is
committed to
address these
realities.

Positively.
Passionately.
Proactively.

Bringing remedy to
the diseased. Hope
to the suffering.
And a better
quality of life to the
underprivileged.

A large logo at the bottom left of the page. The word "life" is in a large, white, sans-serif font, with two solid black dots positioned above the 'i' and above the 'f'. Below "life" is the word "wins" in a smaller, white, sans-serif font. The entire logo is set against a background of vibrant, textured red and orange paint strokes, with a small section of blue and white paint visible at the bottom right of the logo area.

life
wins

There is a battle in
progress in India's
rural pockets.

Wockhardt
Foundation is
engaged in fighting
from the frontlines.

Hands-on.

[§] For Wockhardt Limited Group

Dearest warriors and friends of Wockhardt Foundation,

During the year 2018-19, we remained passionately and energetically committed to the values of Wockhardt Foundation which are: beneficence, excellence, speed and trust.

Beneficence entails striving to **serve the economically-disadvantaged** people around us.

Excellence entails keeping **quality first** by doing things the right way.

Speed entails staying a **step ahead** by instilling a sense of inherent enthusiasm.

Trust entails **fulfilling our promises** by fostering relationships because they are at the core of all that we do.

Looking ahead we resolve to uphold these ideals in all our activities.

Regards,

Sir Dr. Huz
(Huzaiifa Khorakiwala)
Trustee and CEO
Wockhardt Foundation

Wockhardt Foundation Programme Execution Policy

At Wockhardt Foundation, we are engaged in a number of initiatives to ensure that life wins. We offer holistic solutions that enhance the quality of life, stakeholder confidence and sustainability.

Our work encompasses primarily three sectors: Health, Child and Social.

The first sector, 'Health', provides underprivileged population access to preventative and protective healthcare, effectively addressing the health concerns of the people.

The second sector, 'Child', provides quality education to poor children through the implementation of e-learning and edu-recreational toy libraries etc.

The third sector, 'Social', provides clean water and sanitation services along with skill advancement and development training.

By addressing unmet needs

Wockhardt Foundation emulates its parent organisation's priority in addressing society's unmet needs and national building blocks (education,

hygiene and healthcare) that enhance the quality of life. The Mobile 1000 programme addresses a long-standing rural primary healthcare gap; its Pronto Bio-Toilet and Pronto Toilet initiatives address a large national sanitation gap; its E-Learning system addresses the need for adequate educational infrastructure; Shudhu addresses the critical need for providing safe potable water; Wockhardt Skills Development Institute (WSDI) focuses on curtailing the national deficit of professional caregivers.

By exploring game-changing solutions

Wockhardt Foundation is engaged in initiatives that promise positive disruption. The Pronto Bio-Toilet is a futuristic solution for a challenging national problem; the Mobile 1000 concept bypasses legacy hurdles; the SHUDHU solution has virtually eradicated health challenges in specific geographic pockets; the E-Learning initiative has graduated educational delivery into the next generation.

By maximising impact

Wockhardt Foundation's initiatives are directed at low gestation, easy implementation and maximum impact. This is achieved through hands-on project implementation. As a result, the Foundation is acknowledged as a national authority in specific niches, attracting partnerships and professionals.

By leveraging best-in-class technologies

Wockhardt Foundation believes that enduring social solutions are derived through the prudent use of core, delivery and monitoring technologies. Take for instance, our Mobile 1000 programme;

all the vans can be tracked online on a real-time basis via a GPS device. Moreover, all Mobile 1000 data is generated using a MIS software and sent to the donors on a monthly basis.

These reports are presented in various visual formats and help maintain the desired level of transparency that Wockhardt Foundation hopes to achieve.

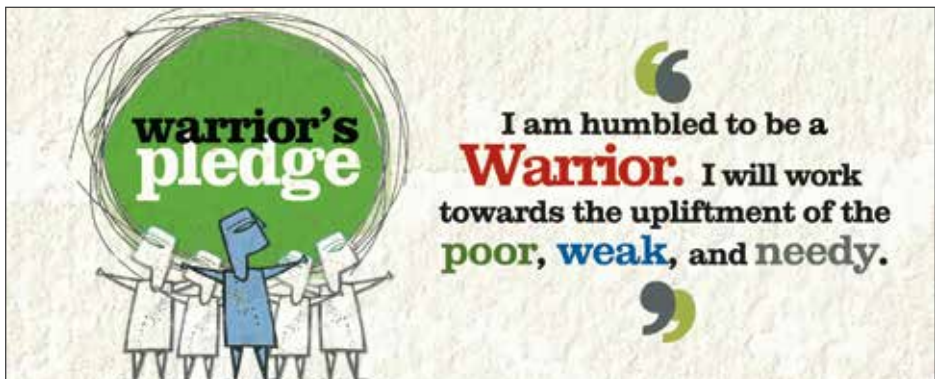

By partnering with the best in the business

Wockhardt Foundation has not just selected to invest its own resources; it has also selected to engage corporate partners to widen social prosperity. Some prominent partner organisations comprise Gas Authority

of India Limited (GAIL), Hindustan Petroleum, NALCO, Cairn India and Welspun, among others. This collaborative model has enhanced the Foundation's sustainability.

By investing in professionalism

Wockhardt Foundation's activities are directly managed by Sir Dr. Huz (Huzaifa Khorakiwala), Executive Director of Wockhardt Limited, an MBA from Yale University. The Foundation works with some of the best professionals across the niches of its presence – medical doctors, care givers, educators and logistic support providers.

OUR MANAGEMENT TEAM

CHAIRMAN & FOUNDER'S PROFILE

Dr. Habil Khorakiwala
*Chairman, Wockhardt Limited and
Founder, Wockhardt Foundation*

Dr. Habil Khorakiwala is Chairman of the Wockhardt Group, India's leading research-based global healthcare enterprise with relevance in the fields of pharmaceuticals, biotechnology, active pharmaceutical ingredients (API's) and super speciality hospitals.

He holds a Masters in Pharmaceutical Science from Purdue University and has participated in an Advanced Management Programme at Harvard Business School, USA.

A keen disciple of 'Change Management', Dr. Habil Khorakiwala has single-mindedly steered Wockhardt - consisting of a multi-ethnic workforce of around 7,000 Associates - into becoming the first true healthcare group from India. His visionary and astute leadership resulted in Wockhardt emerging as a leading pharmaceutical and biotech conglomerate, driven by research and strategic thinking on a global scale. Under him, Wockhardt hospitals has become a leading health service provider with seven hospitals that aim to serve and enrich the quality of life of its patients.

Over the years, besides building up the Wockhardt business, Dr. Habil Khorakiwala has been involved in social industrial

activity. Under his able leadership and as a part of its CSR activities, outstanding work has been done through Wockhardt Foundation. Various social and moral causes, programmes and initiatives have been undertaken for the upliftment of the weaker sections of society.

Dr. Khorakiwala is the current Chancellor of Jamia Hamdard University, New Delhi and holds many other high profile positions. He has also served as the President of FICCI, Honorary Consul General of Sweden in Mumbai, President of Indian Pharmaceutical Alliance (IPA) etc.

He is the only non-American recipient in the 125 year history of Purdue University to be honoured with their highest award - the Honorary Doctorate for distinguished service to the University and great achievements in career and life.

In recognition of his contribution to Indian business and industry, Dr. Khorakiwala is the

recipient of many awards and citations including the prestigious Shiromani Vikas Award for his 'Outstanding and Inspiring Contribution towards National Development' received at the hands of Mother Teresa (1992).

Kalinga Institute of Industrial Technology (KIIT) University, Bhubaneswar bestowed on him the prestigious Degree of Doctor of Letters (Honoris Causa) in November, 2016 in recognition of his magnanimous vision, genius and outstanding philanthropy.

Over the years, besides building the Wockhardt business, Dr. Habil Khorakiwala has been involved in social industrial activity. Under his able leadership and as a part of its CSR activities, outstanding work has been done through Wockhardt Foundation.

CHAIRPERSON'S PROFILE

Mrs. Nafisa Khorakiwala
*Chairperson –
Wockhardt Foundation*

Mrs. Nafisa Khorakiwala is the wife of Dr. Habil Khorakiwala, the Chairman of Wockhardt Limited. Even though she hails from a high profile business family, she has chosen social work as her passion. Her commitment as a social activist is seen through the range of issues that she is dedicated to.

She is the Founder and Chairperson of Wockhardt Foundation.

She is also energetically engaged in making life better for malnourished

children and the children studying in the Ashram schools by providing them things of basic necessities. She personally interacts with these children and understands their needs.

Mrs. Khorakiwala initiated the E-Learning programme for many underprivileged children in more than 600 schools in Maharashtra, Gujarat, Rajasthan and Nagaland, Haryana and Himachal Pradesh.

CEO'S PROFILE

**Sir Dr. Huz
(Huzaiifa Khorakiwala)**

*Trustee & CEO –
Wockhardt Foundation*

An MBA from Yale University, USA, Sir Dr. Huz (Huzaiifa Khorakiwala) is the Executive Director of Wockhardt Limited and is part of the promoter family of the Wockhardt Group - a leading pharmaceutical and healthcare group.

Sir Dr. Huz is the CEO of Wockhardt Foundation, a not-for-profit organization which runs several programmes in health, education, water and sanitation across the country, benefitting and touching millions of lives every year.

He is the Founder of "The World Peacekeepers Movement", an online movement comprising more than 2 million peacekeepers, forming the world's 2nd largest army. It is based on the 7 Peace values of gratitude, forgiveness, love,

humility, giving, patience, and truth.

Sir Dr. Huz is also the Chairman of "The Peace Mission Pvt. Ltd." which sells Peace Gifts – gifts spreading peace. He has also started a new concept called "Peace Cafee" which will be setting up a chain across India spreading peace.

For his contribution to society, he has received many prestigious awards (68 so far) and titles, one of the recent ones being Knighthood, which was bestowed on him by the

Ecumenical Medical-Humanitarian Order Knights of St. John of Jerusalem (Knights of Charity). He has also been bestowed with the Princehood Royal Title 'His Highness' for preserving the wisdom and spirit of the kingdom of Panembahan Mempawah, Indonesia. He has been appointed as the Peace Ambassador for South Asia by the "International Association of Educators for World Peace", an affiliate body of the United Nations. He is also the recipient of 13 Honorary Doctorates.

Administering
free primary
health care in
rural india

OBJECTIVES

To operate 1000 mobile health vans to provide free primary healthcare to 25 million rural Indians.

ACHIEVEMENTS

- Wockhardt Foundation's Mobile 1000 concept is being increasingly regarded as a catalyst in the regions of its presence
- Over the last few years, the widening footprint of this service has translated into:
 - Decline in the healthcare spending of thousands of rural Indians
 - Lower downtime from physical illnesses
 - Enhanced workplace productivity and increased incomes
- 208 Mobile 1000 vans*
- 91 new vans launched in 2018-19
- 33.12 lakh patients provided with free medicines
- Cost of Rs. 124 per patient (below NRHM's Rs. 150 per patient)
- 4326 villages covered
- Presence in 20 states

LITTLE HEARTS

NEEDS

- 3 lakh Indian children born with heart defects annually
- Timely diagnosis and right treatment can help save them
- For the average family, the cost of care of a child with heart disease is prohibitive
- While paediatric cardiology is only now being recognised in India as a major speciality, there is a need to intensify efforts to develop the speciality especially in those

parts of India where there are very few centres

OBJECTIVES

- State-of-the-art infrastructure
- Financial help for underprivileged children for cardiac surgeries
- Surgery cost – 15% borne by Wockhardt Hospital and 85% by donors
- Children can lead a normal and healthy life

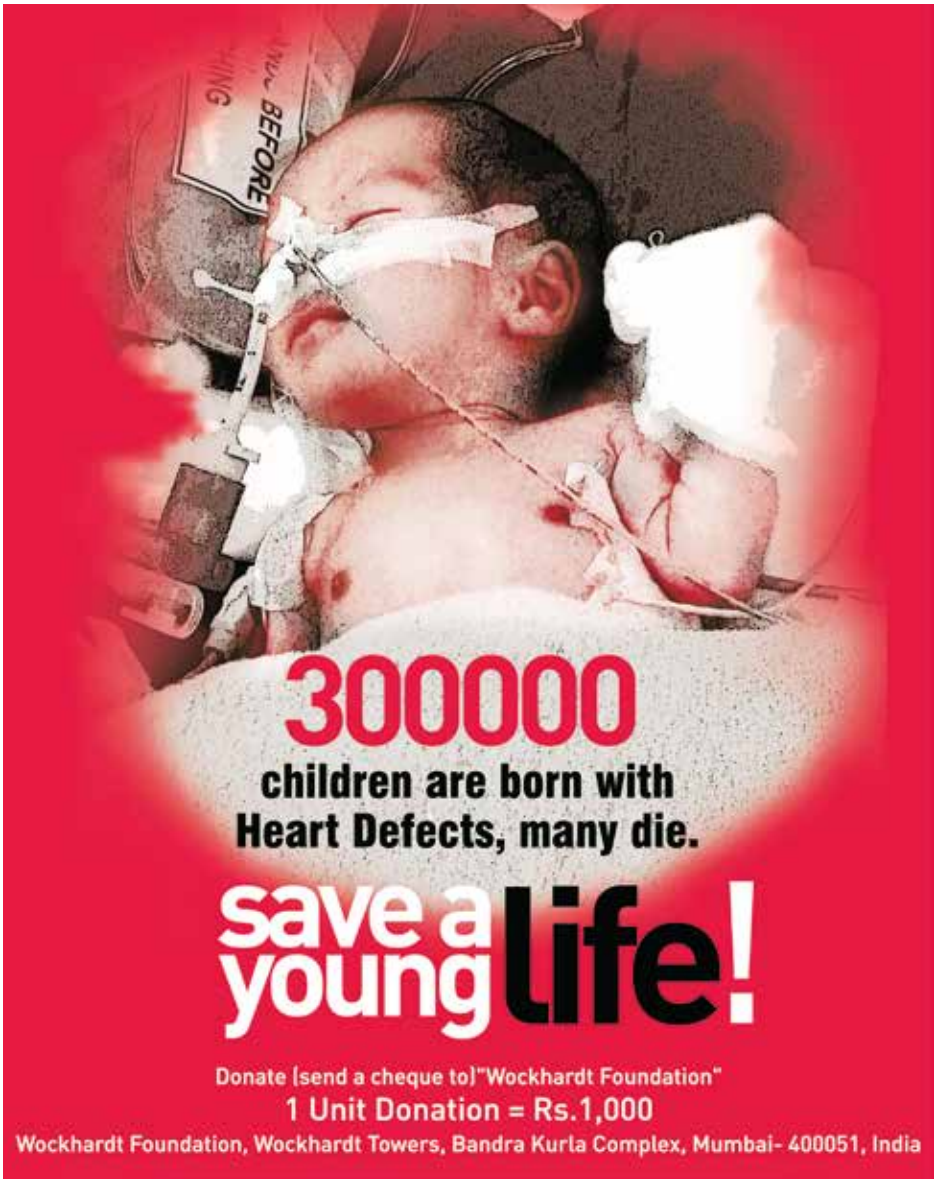

ACHIEVEMENTS

- 178 congenital heart surgeries conducted
- 8 paediatric heart camps conducted

CONTACT

PRONTO TOILET

NEEDS

- Diarrhoea: Second largest cause of child (under-5 years) mortality; accounting for 19% of child deaths in developing countries
- Nearly 90%: Diarrhoeal deaths due to lack of sanitation and unsafe drinking water
- 75%: Rural Indians with no access to safe drinking water

- 1,000: Daily diarrhoeal deaths of children (under five years)

OBJECTIVES

- Low-cost sanitation solutions in Indian schools and educational institutions

ACHIEVEMENTS

- 4,627 toilets
- 556.98 lakh times people were benefitted*

SWACHH BHARAT ABHIYAN THE TOILET REVOLUTION

THE PRONTO TOILET PROGRAM WAS LAUNCHED WITH THE AIM OF FACILITATING
OUR PRIME MINISTER'S MISSION 'SWACHH BHARAT ABHIYAN'
TOTAL SANITATION CAMPAIGN

NEED FOR ESTABLISHING SANITATION FACILITIES:

- Only 31% of our country's population has access to proper sanitation facilities
- 80% of children's solid excretion is left in the open or thrown into the garbage
- Over 75% of our country's population has access to mobile phones but basic Sanitation is a remote dream
- India is the country with the highest number of people practicing open defecation most of it occurs in rural areas where the prevalence is estimated at 65 percent of the population

- Women having to defecate in the open, at odd hours, not only threaten their dignity, but their safety as well
- Children fall ill due to the germs spread from open defecation and cannot attend school
- Many girls drop out of school due to absence of sanitation facilities which hinder their education process

Lack of toilets in villages is more than just a sanitation problem. An investment into a toilet is about changing mind sets. It is about bringing health, dignity & empowerment having a large impact with a broad and sustainable approach to community development.

E-LEARNING

NEEDS

- Student retention is one of the biggest educational challenges
- 29% Indian students drop out before completing five years of primary school; 43 % do so before finishing upper primary school
- 42% high school completion rate

OBJECTIVES

- Fun-filled and interactive learning
- Attract students
- Make subjects engaging
- Empowering students
- Developed by experts and qualified instructional designers
- For standards I to X (as per State Board curriculum)

ACHIEVEMENTS

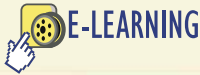

- 764 E-Learning sets till date
- 627 schools till date
- In 2018-19, 100 sets installed in 72 schools
- 3.13 lakh children benefitted in 2018-19
- 525.18 lakh times that children have availed of this service in 2018-19*
- Presence in 6 states - Nagaland, Rajasthan, Maharashtra, Gujarat, Haryana and Himachal Pradesh

NEED FOR E-LEARNING

RECENTLY CONDUCTED SURVEY BY A REPUTED ORGANIZATION INDICATED THAT

- 57% schools have 3 teachers or less
- 58% of class 5 students cannot read class 2 text books
- 75% of class 5 students cannot do simple division
- 47% of class 5 students cannot do simple subtraction
- Lack of infrastructure and innovation in quality teaching methodologies
- High students dropout rate at primary education stage due to lack of motivation to study and lack of opportunities
- High absenteeism

OUR AIM

The E-Learning Programme of Wockhardt Foundation aims at ensuring academic excellence through quality and innovative teaching methods.

SUCCESS STORY

Wockhardt Foundation has been running this programme for the underprivileged students of the Parali Village Ashram School in Thane district and the results have been extremely encouraging. In 2012 the school secured a 45% pass percentage in the SSC board results, however after installing E-Learning in 2013 there has been a significant improvement in the academic scores with the school securing a 100% pass percentage in 2015 as compared to 95% in 2014 & 80% in 2013.

Given the outstanding performance of the Parli Ashram School, Wockhardt Foundation has implemented E-Learning in 627 schools in Maharashtra, Gujarat, Rajasthan, Nagaland, Haryana and Himachal Pradesh.

KHEL KHEL MEIN

NEEDS

- Children – Envoys of the future
- Current model of education:
 - Alienation between head and heart
 - Values, good habits and social skills missing
 - Individualistic idea of excellence promoted at the cost of emotional and relational skills
- Engagement in unsocial activities
- No opportunity for edu-recreational activities for underprivileged children

OBJECTIVES

- Toy libraries for underprivileged slum children aged 6-12 years
- Holistic human development
- Incultation and practice of humane, moral values and good habits
- Healthy and fun environment
- 21 edu-recreational centres and toy libraries
- Operations - five days a week
- Outcome – Children well mannered, trained and groomed with good values

ACHIEVEMENTS

- 21 toy libraries (Mumbai, Delhi, Aurangabad, Bangalore and Gurgaon)
- 2,050 children benefitted
- 2.34 lakh times children benefitted in 2018-19

WOCKHARDT SKILLS DEVELOPMENT INSTITUTE

NEEDS

- More than 12 million youth between 15 and 29 years of age are expected to enter India's labour force every year for the next two decades. (Source: World Bank)
- The government's recent skill gap analysis concludes that by 2022, another 109 million or so skilled workers will be needed in the 24 key sectors of the economy
- Only 2.3% of India's workforce has received some formal skills training.
- The recently-launched National Skill Development Mission aims to train ~400 million people by 2022
- The percentage of the formally trained in India stands at a low of 4.69% compared

to countries like Germany (75%) and Korea (96%) (Source: Niti Aayog)

OBJECTIVES

- Commissioned in 2013
- WSDI offers courses in:
 - Home health aide
 - General duty assistant
 - Pharmacy assistant
 - Stitching course
 - Front line health worker
 - Housekeeping attendant
 - Multi cuisine cook
 - Unarmed security guard
 - Mason general
- After training, candidates are offered placement assistance

ACHIEVEMENTS

- 30 centres in 2018-19
- 1295 students trained
- 1.76 lakh times that students have benefitted*
- Presence in 2 states - Uttar Pradesh & Madhya Pradesh

excellence

IN SKILLS DEVELOPMENT

DUE TO POVERTY, MANY OF OUR YOUTH IN INDIA ARE UNABLE TO CONTINUE THEIR EDUCATION AND DROP OUT FROM SCHOOL. HENCE THEY CANNOT GET EMPLOYMENT LATER ON IN LIFE. WITH THE AIM OF MAKING THESE YOUTH EMPLOYABLE WE HAVE SET UP 'WOCKHARDT SKILLS DEVELOPMENT INSTITUTE'.

The mission of Wockhardt Skills Development Institute is "excellence in skills development leading to employment"

Through our certified courses, we educate them with the necessary skills required to gain employment. The students are benefitted through virtual classrooms, practical labs, regular workshops, seminars and in-depth knowledge. Our dedicated placement cell ensures that these students get placement assistance after completion of their course.

These students are provided with a chance of a better future which they would not receive otherwise.

SHUDHU

NEEDS

- Water-borne diseases - Major cause of health disruptions (WHO and World Bank)
- 37.7 million – Indians affected by waterborne diseases annually
- 1.5 billion+ - People with no access to potable water

OBJECTIVES

- Shudhu is a NaDCC tablet
- Kills water pathogens

- No electricity needed, no need to change filters, no re-contamination fears
- NaDCC - The WHO- and the Bureau of Indian Standards-approved water disinfectant
- NaDCC - used in more than 67 countries for over 15 years
- Shudhu distributed in Maharashtra, Uttar Pradesh, Goa, Uttarakhand, Tamil Nadu, Rajasthan, Madhya Pradesh, Punjab, Gujarat and Telangana

ACHIEVEMENTS

- 16.36 lakh tablets distributed in 2018-19
- 327.21 lakh litres of water purified[#]
- 65.44 lakh times people given pure drinking water^{*}

CONTACT

ADARSH GRAM YOJANA

NEEDS

- The Prime Minister has set a goal that all parliamentarians must target to establish at least one model village in his or her constituency with the goal of improving physical and institutional infrastructure in a holistic way
- The long-term aim is that each of these villages will then inspire and serve as a model to other villages in the area

OBJECTIVES

- January 2015 - Adarsh Gram Yojana launched (in line with the Central Government's Sansad Adarsh Gram Yojana scheme for rural development) to better the lives of the villagers through social and community development activities in the areas of health, education, sanitation and water

ACHIEVEMENTS

- Adoption of 21 villages in Aurangabad district, Maharashtra
- Community based drinking water purification plant (1000 LPH capacity) installed in Kesapuri, Apatgaon and Mandki villages - 5663 people benefitted
- Positively impacted 5,921 citizens in Abdimandi village through health camps.
- Health van (12 villages) - 32,531 patients
- Computer training - 180 beneficiaries
- English classes for villagers - 150 beneficiaries
- One-time meal to 29 poor and needy people of Abdimandi village
- Total meals served in 2018-19 stood at 10,585*
- Formation and linkages of 13 Farmers Clubs and 26 Self Help Groups of rural women to financial institutions and government programmes for their socio-economic development
- Microenterprise development training beneficiaries:
 - Tailoring and dress making: 40 women
 - Food processing: 20 women
 - Mehendi class: 80 women

SWACHH BHARAT RECYCLE MACHINE

NEEDS

- Approximately 7.2 million tonnes of hazardous waste is generated every year
- Research shows that at the current rate 1 sq. km of additional landfill area is needed every year to accommodate the waste that is being generated
- Plastic takes hundreds of years to break down in a landfill

- Non-renewable and toxic
- Threat to animals/ environment
- Difficult to reuse/ decompose

OBJECTIVES

- Recycling solution developed to enable cost effective waste recycling and disposal

ACHIEVEMENTS

- 9 machines installed in 2018-19
- 25 machines installed till date

ZAB (DESK + SCHOOL BAG)

NEEDS

- Students in rural areas lack access to basic educational infrastructure like a desk or a bag
- Most of the students in rural schools of India have to stay sitting down on the floor for long hours
- 9 out of 10 students face posture-related problems and back injuries at some point of time in their lives

- Sitting on the floor and studying for 6-8 hours affects posture, results in back pain, poor eye sight and hampers concentration

OBJECTIVES

An intelligently designed school bag which transforms into a desk; thus empowering rural students with basic infrastructure, enabling them to study effectively.

ACHIEVEMENTS

- 2052 bags distributed till date
- 998 bags distributed in 2018-19
- 1.87 lakh times students benefitted in 2018-19*

SMART ANGANWADIS

NEEDS

- The early years (0-6 years) of a child are extremely crucial because this is the period of rapid growth and development and the brain forms maximum synaptic connections, ensuring healthy holistic development
- These years are also important in terms of laying a lifelong foundation for the inculcation of social values and wholesome habits
- Four of the 17 Sustainable Development Goals (SDGs) in the UN Millennium Declaration relate to health, nutrition, sanitation and education. Thus, the requirement for a stimulating and enriching physical and psychosocial environment is imperative

OBJECTIVES

- To upgrade the facilities of existing Anganwadi Centres (AWC) up to Adarsh/ Smart Anganwadi standards as envisaged by the Government of India
- To ensure that these centres are capable of implementing holistic programmes catering to Early Childhood Education (ECE), health, hygiene, sanitation and nutrition
- To strengthen the existing monitoring and evaluation system
- To improve impact at the community level
- Establish sustainability

ACHIEVEMENTS

- 15 Anganwadis from Karkala taluka of Udupi district, Karnataka
- Benefited 396 children
- Improved hygiene and sanitation facilities. Installed water purifiers in all Anganwadis to provide clean and safe drinking water
- Installed solar panels at all 15 Anganwadis.
- Provided hygiene, education, stationery, first aid and toy kits to all the anganwadis
- Built capacity of Anganwadis workers, helpers and supervisors on hygiene and Protection of Children from Sexual Offences (POCSO)
- Provided free water purification tablets and sanitary napkins for the period of 3 months to around 3000 adolescent girls and women from communities of these 15 Anganwadis.
- Organised a seminar on menstrual hygiene and Adolescent, Reproductive and Sexual Health (ARSH) for the adolescent girls and women.
- Conducted free general medicine camps in all 15 communities of these Anganwadis where around 2400 people were diagnosed, received consultation and free medicines from a qualified team of doctors.
