

# SEAM RIPPER 101

## Two Methods for Using Your Seam Ripper

### **Red Ball Point Tip**

-For fabric protection  
and quick ripping

### **Blade (Curve)**

- for cutting stitches, thread  
& fabric unfortunately

### **Point**

- For precision stitch  
removal

# SEAM RIPPER 101

## “Traditional” Seam Ripping

- Pick out every 5-7 stitches on one side
- Pull out reverse thread to open seam

## “Upside Down” Seam Ripping

- Place seam ripper at start of seam with protective ball side down.
- While holding seam taut, slide seam ripper along seam to open it
