Why Should You Attend?

Learn How to Overcome the 4 Most Common Leadership Challenges:

1. How to define a compelling vision, or great purpose, that touches the heart, not just the head.
2. Effectively communicate great purpose in a way that engages and motivates staff, volunteers, and donors.
3. Ensure your entire leadership buys into the vision and improve their leadership ability.
4. Create a thriving culture of service that impacts the community and makes a difference in the world.

It's Unlike Any Leadership Training You've Had Before:

- Learn a holistic leadership framework, not a compilation of unrelated, "one-off" topics.
- Provide your organisation with common leadership "language" enabling unity and synergy.
- Discover how small changes in your leadership will lead to big improvements.
- Fully align your organisation around a common mission, vision and values.
- Gain practical tools that empower you to implement real improvements in your daily leadership practice.

Discover How to:

- Embed purpose into everything you and your team do.
- Know exactly which values are most important to you.
- Gain the trust and commitment of your people.
- Build teams aligned with purpose.
- Better delegate and empower others (a bonus, take-home tool).
