

PRESS RELEASE

AHC APPOINTS HATTAM AS CEO

12 OCTOBER 2018

AHC (ANTHONY HODGES CONSULTING LTD), THE PENSIONS AND BENEFITS COMMUNICATION SPECIALISTS, HAS TODAY ANNOUNCED THE APPOINTMENT OF ROGER HATTAM AS CEO

Hattam joins AHC, who now employ nearly 100 people across their offices in the UK, US and Australia, to take over from Peter Nicholas, who will continue to work with the company as an advisor.

Tony Hodges, AHC's Founder commented: "The breadth and complexity of retirement saving options available today means excellence in communication has never been more important. People need the best help in making the right decision for them and we believe empowering members to make informed decisions is now at a critical stage for the financial health of the next generations. Roger has a great deal of experience in the issues involved, having worked in industries directly focusing on people's everyday finances. Coupled with his commitment to outstanding service, he is the perfect fit for AHC. Peter took over when we had 55 staff and has grown us to 93. We will soon pass the 100 mark. I really appreciate his hard work in continuing our growth, streamlining the business and building our financial performance.

Roger Hattam commented: "This is a hugely exciting time for AHC, as it continues to grow in a range of areas, including the expansion of its Australian and US operations. I'm really looking forward to picking up the baton and working with such an enthusiastic and talented team to build on Peter's great work."

Roger has held senior board positions within the Financial Services and Energy sectors, including roles with Bradford & Bingley plc and RWE npower - as well as running his own consulting business.
