ESD & Clean Room Products

Product Name : ESD gloves

ESD Gloves are made of Polyester material and are used in Electronic assembly where static charge is a concern. These ESD gloves are designed to work with static sensitive devices where bear hand are not desired.

Material: polyester and carbon filament

Specification:

ESD gloves are suitable for class 1000 to 10,000 cleanroom environment.

Conductive yarn is spaced every 5mm to dissipate a charge at a higher rate.

Material is washable and gloves can be reuse.

Resistance between two points is $<10^7$ ohm

Material:	esd polyester fabric and carbon filament
Surface Resistance:	$<10^7$ ohm
Size:	S,M,L,XL
Package:	10pairs/bag, 100bags/ctn
