PAPER CUPS (TRIPLE WALL/ DOUBLE WALL & SINGLE WALL)

HOT BARGAINS

The triple wall protection means that you do not need to provide a cup sleeve to hold when filling with hot drinks. Triple wall means there are three layers of kraft paper, offering fantastic thermal insulation and a comfortable hold.

Our ripple cup is available in four sizes; 4oz, 8oz, 12oz and 16oz.

The triple wall feature allows for a comfortable hold when containing hot drinking. There is no requirement for additional sleeves to be added due to the extra ripple layer.

This cup has a wax-treated paper construction that ensures it won't fall apart. The wax coating provides rigidity to effectively hold liquids without the paper becoming soggy. A crisp, white color also adds a clean feel to your waiting room or seating area.

PLASTIC LIDS FOR CUPS (LIDS ARE AVAILABLE FOR SALE INDIVIDUALLY)

Sip-thru Plastic lids help keep hot drinks warmer for longer and prevent spillages while sipping beverages on the go. These lids are commonly seen in coffee shops, cafés, tearooms, and takeaways.

Boasting a crisp, translucent color, this lid's durable construction ensures quality, single-service use. While its tight-fitting design allows it to snap onto compatible cups for easy, leak-proof drinking, its built-in, elevated platform protects customers from messy spills.

KRAFT PAPER SOUP CUPS WITH LIDS (WHITE AND BROWN)

Made from double poly-coated paperboard, the container in this container and lid combo is durable and moisture resistant. Use it for serving anything from light chicken noodle soup to thick, hearty stews, deli sides and pasta salads. It ensures the combined rigidity and reliability you need in a take-out paper hot food cup and lid combo.

This Choice paper hot food cup features a tightly-rolled rim, ideal for ensuring a safe, secure lid fit. When the lid is in place, this rim works to prevent spills thanks to the tight lid fit, while also eliminating the risk of rapid temperature loss.

EFFERVESCENT TABLETS

Effervescent tablets are designed to dissolve rapidly in water, releasing carbon dioxide to create a fizzy drink that delivers vitamins, minerals, or medication. They provide a convenient alternative for individuals who have difficulty swallowing tablets, commonly available in vitamins C, B, multivitamins, and electrolyte formulations.

They are often flavored to mask the taste of active ingredients. Commonly used for vitamins, supplements, pain relief, and antacids. They provide faster absorption compared to regular tablets. Easy to take, especially for people who have difficulty swallowing pills.

HOT BARGAINS®

QUALITY - AUTHENTICITY - REASONABLE

Commenced in 2016,

Hot Bargains Limited saw a big gap between cost and quality of some of the most essential goods in the market like paper cups, plates, protection kits, etc.

Hot Bargains, therefore, started studying on what makes these items costly and how to make them affordable whilst maintaining their quality. Hence, Hot Bargains was started.
