Based on the original Broadway production that ran for over thirteen years and was nominated for nine Tony Awards, and the Academy Award-winning motion picture, Disney's Beauty and the Beast JR. is a fantastic adaptation of the story of transformation and tolerance. Disney's Beauty and the Beast JR. features some of the most popular songs ever written by Alan Menken and the late Howard Ashman, along with new songs by Mr. Menken and Tim Rice.

The classic story tells of Belle, a young woman in a provincial town, and the Beast, who is really a young prince trapped under the spell of an enchantress. If the Beast can learn to love and be loved, the curse will end and he will be transformed to his former self. But time is running out. If the Beast does not learn his lesson soon, he and his household will be doomed for all eternity.

With many fun supporting roles allowing students to play objects inside the castle, this "tale as old as time" is filled with spectacular costume and set opportunities.

UNIVERSITY OF MINNESOTA  
**Driven to Discover<sup>SM</sup>**

**ANDREW WALESCH:** Kicks off concert series #16 at Central Square in Glenwood MN on Saturday April 21<sup>st</sup> 2018 at 7:30pm. The Andrew Walesch Big Band will pay tribute to the man still called The Voice and Chairman of the Board with a series of concerts this year called "100 Years of Sinatra."

An emerging artist on the Minnesota music scene, Andrew Walesch maintains a very active performance schedule. Whether recording jingles, producing shows, composing and arranging, or singing as a solo artist and with big bands all over the Midwest, Andrew is known for his unique approach to *The Great American Songbook*. Andrew has recorded two albums and has sung and played on the stage of The Bluebird Cafe in Nashville, The Chicago Theater and dozens of venues all over the Midwest. He also has appeared on the nationally syndicated broadcast *Mountain Stage* on National Public Radio. In May of 2010, he graduated with a music degree from St. John's University, Collegeville, MN.

Singer/pianist Andrew Walesch wasn't even in junior high when Frank Sinatra died in 1998. Still, the iconic crooner was one of Walesch's biggest influences. "I listened to him constantly and tried to emulate his singing and his phrasing," Walesch said. "I had everything he recorded by the time I was out of high school."

Why such a fan? That's simple — "he really set the standard for singing," said Walesch, 26, a graduate of Cathedral High School and St. John's University. "He chose the best songs, and delivered them with grace and art and sophistication. Any good singer should have a serious respect for what he did for music."

You will hear dozens of your favorites including, "That's Life," "Nice 'n' Easy," "You Make Me Feel So Young," "Fly Me To The Moon," "New York, New York," "My Way" and many, many others. Join Andrew Walesch and his big band, filled with many Twin Cities' big band and jazz legends, as they take you through this journey in time. Join us as we celebrate Frank Sinatra's legendary career and 100th birthday!

In the year 2045, the real world is a harsh place. The only time Wade Watts truly feels alive is when he escapes to the OASIS, an immersive virtual universe where most of humanity spends their days. In the OASIS, you can go anywhere, do anything, be anyone—the only limits are your own imagination. The OASIS was created by the brilliant and eccentric James Halliday, who left his immense fortune and total control of the OASIS to the winner of a three-part contest he designed to find a worthy heir. When Wade conquers the first challenge of the reality-bending treasure hunt, he and his friends, known as the High Five, are hurled into a fantastical universe of discovery and danger to save the OASIS—and themselves. Rated PG-13, 140 minutes.
