

## Phonetic Alphabet Exercise

Here are a couple of simple activities to help the YV's learn the phonetic alphabet.

1. Spell your name in full using the phonetic Alphabet.
2. To help learn other names, do a spin the bottle where you need to spell the name of the person the bottle points at.
3. Spell the following sentence using the phonetic alphabet...

"The quick brown fox jumps over the lazy dog"

Ask them why the above sentence is good one to use? (contains every letter of the alphabet)

4. Consider getting the YV's to write out the full phonetic alphabet in the back of their notebook as their own 'aide memoire'
