

Open (“Run What You Brung”) Rules

(All general rules apply)

9500 pound class

- Almost anything goes.
- Nitrous allowed.
- Water and methanol injection is allowed.
- Maximum truck hitch height - 26”. All height measurements done on scales.
- Maximum tractor drawbar height - 20”. All height measurements done on scales.
- General rules apply.
- Rules that match your vehicle must be followed for this pull. (e.g. – If you have a 2.6 diesel, you follow the rules for the 2.6 diesel class). If no class matches your vehicle, you must follow rules of the most similar class.
