**Present Position: Director, DPDS Architecture Ltd**

## **Professional Experience: 2007 to date**

Director of Architecture working closely with Urban Design, Landscape Architecture and Planning.

**Edge of town development, South Oxfordshire:** Design of master plan for 95 new dwellings including access and parking. I worked closely with civil and transport engineers and with the in-house Landscape Architect.

**Barn Conversion, South Oxfordshire:** Design of several options for the conversion of a large barn to residential use.

**Conversion of Victorian Building, Marlborough:** Conversion of building being used as offices to flats.

**Design of Contemporary House, Tetbury, Cotswolds:** New house replacing derelict outbuildings within the setting of a farm. A modern approach and inspired from the local farmhouse vernacular using local materials.

**Mixed-Use development near Swindon:** The scheme includes a convenience store with block of flats above, three terraces of Town Houses and the configuration of the site to include car parking and access and circulation for delivery vehicles.

**Remodelling of a terrace of listed buildings:** Project architect for the restoration of three thatched cottages and new extensions.

**School Extension, London:** Project Architect for design and procurement of two storey extension to a private faith school, adding two floors to the school building and reconfiguring elevation and internal space.

**New build block of flats, London:** Project Architect for demolition of redundant building, design and procurement of new residential block and associated landscaped space.

**Merging 5 shop units into a convenience store, Surrey:** Project architect seeking planning permission for merging 5 A1/A2 units into a convenience store, including reconfiguring parking, delivery area and associated landscaping.

BSc(Hons), MA, BArch, MRICS, ARB, RIBA

**Conversion of offices to residential use, Surrey:** Project Architect for design and procurement to convert office units into 10 apartments.

**Conversion of public house, Derby:** Project Architect for design for planning application to convert a public house into two four bedroom dwellings, with gardens and detached garages.

**New build house, Derby:** Project Architect for design of new high end dwelling for planning.

**New build house, Gloucestershire:** Project Architect for re-design of new house for a site with existing planning permission. The developer has asked us to seek planning permission for an improved design and develop the scheme up to tender stage.

**Nursery school and café, Oxfordshire:** Design of nursery school and café as part of a larger scheme for our Urban Design team.

Has experience of sustainable design in the Somerset area, conservation architecture in Bath and Devon, office development in Central London and high end residential extensions, refurbishment and interior design in West London.

As a Chartered Surveyor, I have been involved in Property Investment, Open Market Valuations, Rent Reviews and Development in London and the South East.
