

ALWAYS AHEAD OF THE CURVE

751M participated in February's Career Exploration month. Mr. McNiff, our Executive Director of Transition, organized MSCD's First Annual CBVI Recruitment Fair. Teachers and paraprofessionals from our worksites, such as: NYU, Baruch, Bellevue, and Teachers College assembled at the main site to offer information to students. The opportunity provided future worksite students the chance to collect information and begin to prepare for the transition process.

Students also participated in the Social Studies fair with Mr. Padilla at the New York Historical society. Competitions also took place to promote more time on iXL by students.

Collaborative Learning Environment

The Learning Partner Program [LPP] is an initiative started by Chancellor Farina in 2014.

All schools involved work together to share practices that directly impact students in their classrooms and promote interschool collaborative learning between sets of host schools and partner schools. These partner schools are often in transition and serve students with diverse needs, or have a targeted area for improvement.

Focus at MSCD – Aligning Transition to Academic Instruction:

- Transition Goals
- Coordinated set of activities
- Student's level
- Teacher, Dean, and Paraprofessional Insight
- Being attuned to discrepancies
- Observe and assess students in the classroom and activates.

Cheydy Greer [paraprofessional] is providing homework assistance to main campus students who need help.

Learning Partner Program es una iniciativa iniciada por la canciller Farina en 2014. Todas las escuelas involucradas trabajan juntas para compartir prácticas que impactan directamente a los estudiantes en sus aulas y promueven el aprendizaje colaborativo entre escuelas, entre conjuntos de escuelas anfitrionas y escuelas asociadas. Estas escuelas asociadas a menudo están en transición y atienden a estudiantes con necesidades diversas o tienen un área específica para mejorar.

Enfoque en MSCD - Alineación de la transición a la instrucción académica:

- Objetivos de transición
- Conjunto coordinado de actividades
- Nivel del estudiante
- Profesor, Decano y Paraprofesional Insight
- Estar sintonizado con las discrepancias
- Observar y evaluar a los estudiantes en el aula y las actividades.
