

## SEMINAR “LITHIUM IN PORTUGAL”

The Cluster Portugal Mineral Resources, the National Laboratory of Energy and Geology and Assimagra, with the support and participation of the Secretary of State for Energy of the Portuguese Government, are pleased to invite you for the Seminar “LITHIUM IN PORTUGAL” to be held on June 27, at 14 h in Brussels at REPER – Portuguese Permanent Representation to the European Union.

The objective is to bring together the most important stakeholders in the Lithium value chain for a discussion on the importance of this metal to Europe and how Portugal can contribute to it.

### VENUE

Av. de Cortenbergh 12  
1040 Bruxelles

Please confirm your attendance to [geral@clustermineralresources.pt](mailto:geral@clustermineralresources.pt) till June 25.  
The program will be sent shortly.

*We hope to count with your presence!*
