Contempt

Was it always this way in Canada or just when did government **contempt toward citizens** start?

Was it always this way or just when government assets become **more important** than a Citizens assets?

Have government **contemptibles** always considered themselves more entitled than their constituents or is contempt a new phenomenon predicated on **pomposity**?

This particular story of contempt starts with the erosion of the Lake Erie Shoreline and the loss of small cottage homes. For some unknown reason governments in Canada will install stone shoreline protection to protect government assets but not to protect lake front private cottage homes.

Strangely enough that same government *will install shoreline protection* of the ensuing road *after* the Citizen's assets are destroyed!

Take the case of Mr. Gary Hunter retired and on a fixed income. He and his neighbors get a sudden notice to vacate their cottage homes. Mr. Hunter will be saddled with the balance of his \$35,000.00 mortgage on a none existing home.

The absurdity of the situation lies in the fact that the government will still be obligated to install shoreline protection to save the road that is currently in front of Mr. Hunter's cottage *and* as they already have done along the same shoreline!

Mr. Gary Hunter

If anyone thinks that accusing our elected and hired help is overreach they must not be paying attention!

While our [self-serving authorities](#) are showing their contempt for Canadian Citizens, we are plagued by '*Foul Mouthed Lying Bullies*', *Mischievous Criminals and*

Machiavellian Louts scrounging for every [nickle they can chisel](#) out of Taxpayers hard earned money!

<https://www.stcatharinesstandard.ca/news-story/8626432-key-details-missing-from-regional-councillor-expense-data/?s=n1>

Government contempt for the Citizen leads to even more abuse and is the reason for Citizens to be more aware as to what government is up to! [Contempt is the reason](#) for recall legislation and term limits. Term limits to modify contempt and Recall if term limits fail.

No doubt there are a lot of specious excuses for not coming to the aid of Mr. Hunter and his neighbors but excuses fly in the face of lost or [stolen \\$Millions](#) or even the constant squalid [nickle & dime maneuvering](#) being committed by our authorities!

Horrible what is happeningr throughout Ontario, especially rural routes.. I feel terrible that the cost is beyond the home owners reach, because I'd like nothing more than for them to afford it and tell the conservation authority and bylaw to hit the road.

I am sure if Lake Ontario eroded some million dollar homes in Toronto the city would not evict, they would step up and fix it. I wish these home owners would 'go-fund-me' because that is something I would contribute too.
