

Camp Geronimo Rainbow Trails

With over 5,000 acres of surrounding national forest, the possibilities of getting out and seeing the wilderness are almost limitless. Camp Geronimo offers some of the greatest trails in the state to hike.

To recognize Scouts and leaders who take on the challenge of the Rim Country, a Rainbow Trails program has been established.

A beautiful, embroidered, multicolored four-inch patch is available for purchase to be worn on a patch jacket, vest or your backpack.

As you hike each trail, you may add a segment with that trail's color and name around the patch, until you have collected all of them — an achievement to be proud of.

Please NOTE that these trails are only available only during then summer camp season. If you have any questions concerning hiking the Camp Geronimo Trails other than during the summer camp season, contact the Grand Canyon Council Program Director at (602) 955-7747 at the council service center.

The following information on the trails at camp provides some hints, mileage, elevation, and of course the awards that are available. So look over the trails and include some in for the troop's summer program. Trail food is available for your use.

Always plan your hike with at least two adults in attendance.

All out-of-camp hikes other than scheduled night hikes require a hike permit on file at Camp Headquarters.

You must Sign Out/Sign In for all hikes at Headquarters or at the Health Lodge after hours.

Permits are not needed for in-camp hikes.

Follow all safe hiking rules set forth in the Hiking Merit Badge Pamphlet: stay on existing trails, use the buddy system, and always take plenty of water, regardless of the length of the hike.

Remember, being surrounded by National Forest, Camp Geronimo offers unlimited hiking opportunities for Scout campers.

In Camp Trails

Totem to Totem Trail

The Totem to Totem Trail which begins and ends at the totems at the front gate is an excellent Saturday or Sunday hike to orient your Scouts to camp.

A map and compass are needed to stay on the trail.

Have your troop and patrol yells ready and let us know who you are!

This hike should take a little over two hours of your time and will cover 3 to 4 miles.

Fireside Trail

The in camp Fireside Trail begins along the west road south of the Webber Creek Lodge and heads upward past ceremonial grounds and along the fence line.

About $\frac{2}{3}$ of the way through the trail you will see the magnificence of the Mogollon Rim.

This famous trail begins at the base of Mogollon Rim just south of Pine and winds its way eastward along the rim through Washington Park on to Tonto Creek (just below the State Fish Hatchery) and continues on from Tonto Creek to Highway 260 east of Christopher Creek through heavily forested areas at an average elevation of 5,700 feet for a distance of approximately 50 miles. Between Tonto Creek and Highway 260 there is the ability to go to the Theodore Roosevelt R-C Scout Ranch (about 38 mile from Camp Geronimo).

Special Trails

(With Restricted Availability)

Chief Miller's Trail

A continuing Camp Geronimo tradition is the Chief Miller's Trail to Roosevelt Peak.

The award, named for George F. "Chief" Miller, is a strenuous award to earn. This hike is part of the Spade Ranch Program, and is also open to adult leaders.

The Miller's Trail Hike is scheduled on Wednesday at 8:00am departing with a staff guide from Knappenberger Lodge.

Ask your program commissioner for details.

This hike is not available for general troop hiking.

Levi Young's Nature Trail

The Levi Young's Nature Trail is available as part of Nature Lodge program, this hike includes nature quiz to qualify. Scouts can learn about the trees and plants of Camp Geronimo.

The Levi Young Nature Trail can be scheduled Sunday through Thursday between 1:30pm and 4:00pm at the Nature Lodge where a self guided package is available. Please limit groups to 20 people.

The trail should take between 45 minutes to 1 hour.

Solo Hike

This is an outstanding experience available only to Scouts nominated by their Scoutmaster after three or more years at Camp Geronimo for at least three prior summers and who stand out among all campers.

- ◆ Selected Scouts will hike solo to a secret place and spend a night alone before returning to camp.
- ◆ Scoutmasters may make recommendations to the Camp Director concerning boys who may qualify.

Recommendations must be turned in on Sunday by 5:00pm to Headquarters so that interviews and selections can be made as early as possible. Each Scout must convince the camp director that he is prepared to challenge the secret route and spend the night alone in the wilderness.

To be selected is an honor, to succeed is a thrill!

Solo Hike applications are available at Camp Headquarters.
Only seasoned Scouts need apply.

Geronimo Geocaches

Try one of these courses with your GPS.

- ◆ Geronimo
- ◆ Trail to Eagle
- ◆ Campsite Cache
- ◆ Commissioners Cache

- ◆ Pillars of Scouting
- ◆ The Code

See the Shack Staff to get a coordinates sheet.

We have several GPS units available for you to check out.

If you have a problem with a cache, please come back and see the Shack Staff for guidance.

Once you complete the geocache, a segment is available for purchase at the trading post.

Night Eye Trails

These evening compass courses are introductory hikes, designed to provide experience and adventure on the trail for boys who are new to Scouting and Camp Geronimo. A compass, a good flashlight and determination make these night hikes fun for young and old alike.

Your Scouts will enjoy thinking that any one of the fluorescent eyes might be the real thing (AND IT MIGHT!). Start with the Cat Eye for the new Scouts and let them work their way up through these hikes of varying difficulty to give your Scouts a challenge.

Watch for eyes of various colors. Many will be red, but others may be white, green, or yellow.

A Few Hints for the Eyes!

Take along flashlights with GOOD batteries.

Arrange your Scouts in patrols of no more than 6 people.

- ◆ Each patrol looks for and spots one set of eyes glowing in the distance.
- ◆ Each Scout leads the patrol there, and retires to the rear.
- ◆ This way, all the boys get several turns.

Upon reaching a pair of eyes: STOP... take your next compass reading, continue along what appears to be the beaten path — the eyes are moved frequently to keep the trails fresh and interesting.

If the trail seems to disappear, a few “Scouts” may be sent out to find where it picks up again. Remember, leave several fellows at the last pair of eyes you spotted.

Verify previous bearing before continuing.

The end of each trail is a definite location and requires a written answer. Your Commissioner will verify your success.
