**Written Reports:
(Health Department
January 2017
Report)** The written report covering activities of January 2017 was approved on a motion by Dr. Ross and second by Mrs. Cooper. All members were in favor.

In reference to a question raised by the Board at the January meeting regarding why some retail food establishments have what appears to be excessive repeat violations Mr. Weigle noted that those were repeats of violations of the inspection of the previous year. He noted that the Department can and may issue summonses on repeat violations noted in a re-inspection. The Board Attorney also noted that summonses can be issued and training can be negotiated in court. The Board noted that such a decision should be at the Department's discretion.

The Board inquired about a message parlor inspection noted on the monthly report. Mr. Weigle noted that this was a new owner however they have not

met the requirements necessary to open.

Mr. Weigle informed the Board that the summonses against Oakwood/Overlook for refuse violations was settled in court for a \$13,000 fine.

Mr. Weigle noted the new part-time nurse started and that her main assignment is in Dover and that she will be working 24 hours per week. He noted that she previously worked as the Dover nurse through a contract with Saint Clare's Hospital.

The Board inquired about the transfer of soon to expire Vaccine For Children (VFC) vaccines to Zufall Health Center. Mr. Weigle explained that Zufall Health Center is a Federally Qualified Health Center that provides services to mostly low income residents. He noted that because they are also a VFC the Health Department can transfer vaccine to them.
