

During the last 3 years we have experienced a problem with the Lexington County Council. The Council is run by 5 councilmen and Mr. Joe Mergo. We have an opportunity during the next election to take control of the council and begin a new agenda to revamp the council and start changing the way the council does business. We need to hold the district 8 seat, get Beth Cairig elected in district 7, win the seat for district 2 by defeating Larry Brigham with Jeff Sarokas, and win the seat for District 9 by defeating Todd Cullum and replacing him with Jerry Sanders. This would put us in a position where we would have 6 solid votes for change. With these votes we could begin to clean up the mess that is Lexington County.

The six votes would be Darryl Hudson, Erin Long-Bergeson, Ned Tolar, Beth Carig, Jerry Sanders, and Jeff Sarokas. We have worked hard to get the candidates in place to have a chance to accomplish our goal.
