## CALL FOR ABSTRACTS

The Canadian Institute of Public Health Inspectors is excited to present the 85th Annual Education Conference (AEC), in the Halifax Regional Municipality, Nova Scotia at the Doubletree by Hilton Dartmouth this September 8- 11, 2019. It is time to get inspired, develop new knowledge, share experiences and reflect on public health practices from across the country!

This year's theme will emphasize "**Exploring the Edge**" and will showcase how we are steering new and existing environmental public health issues, while keeping our feet firmly anchored.

The call for Abstracts is now open and will focus on three streams:

- **Battling the Current:** Staying calm & resilient in the face of challenges as we explore what is new and emerging
- **Working Through the Fog:** Cultivating comfort with ambiguity by inspiring novel approaches & mindsets
- **Riding the Wave:** Engaging & supporting one another in our professional journey towards a shared public health vision

Abstracts are welcomed from all public health partners and industry professionals
