22 February 2022

# Introduction

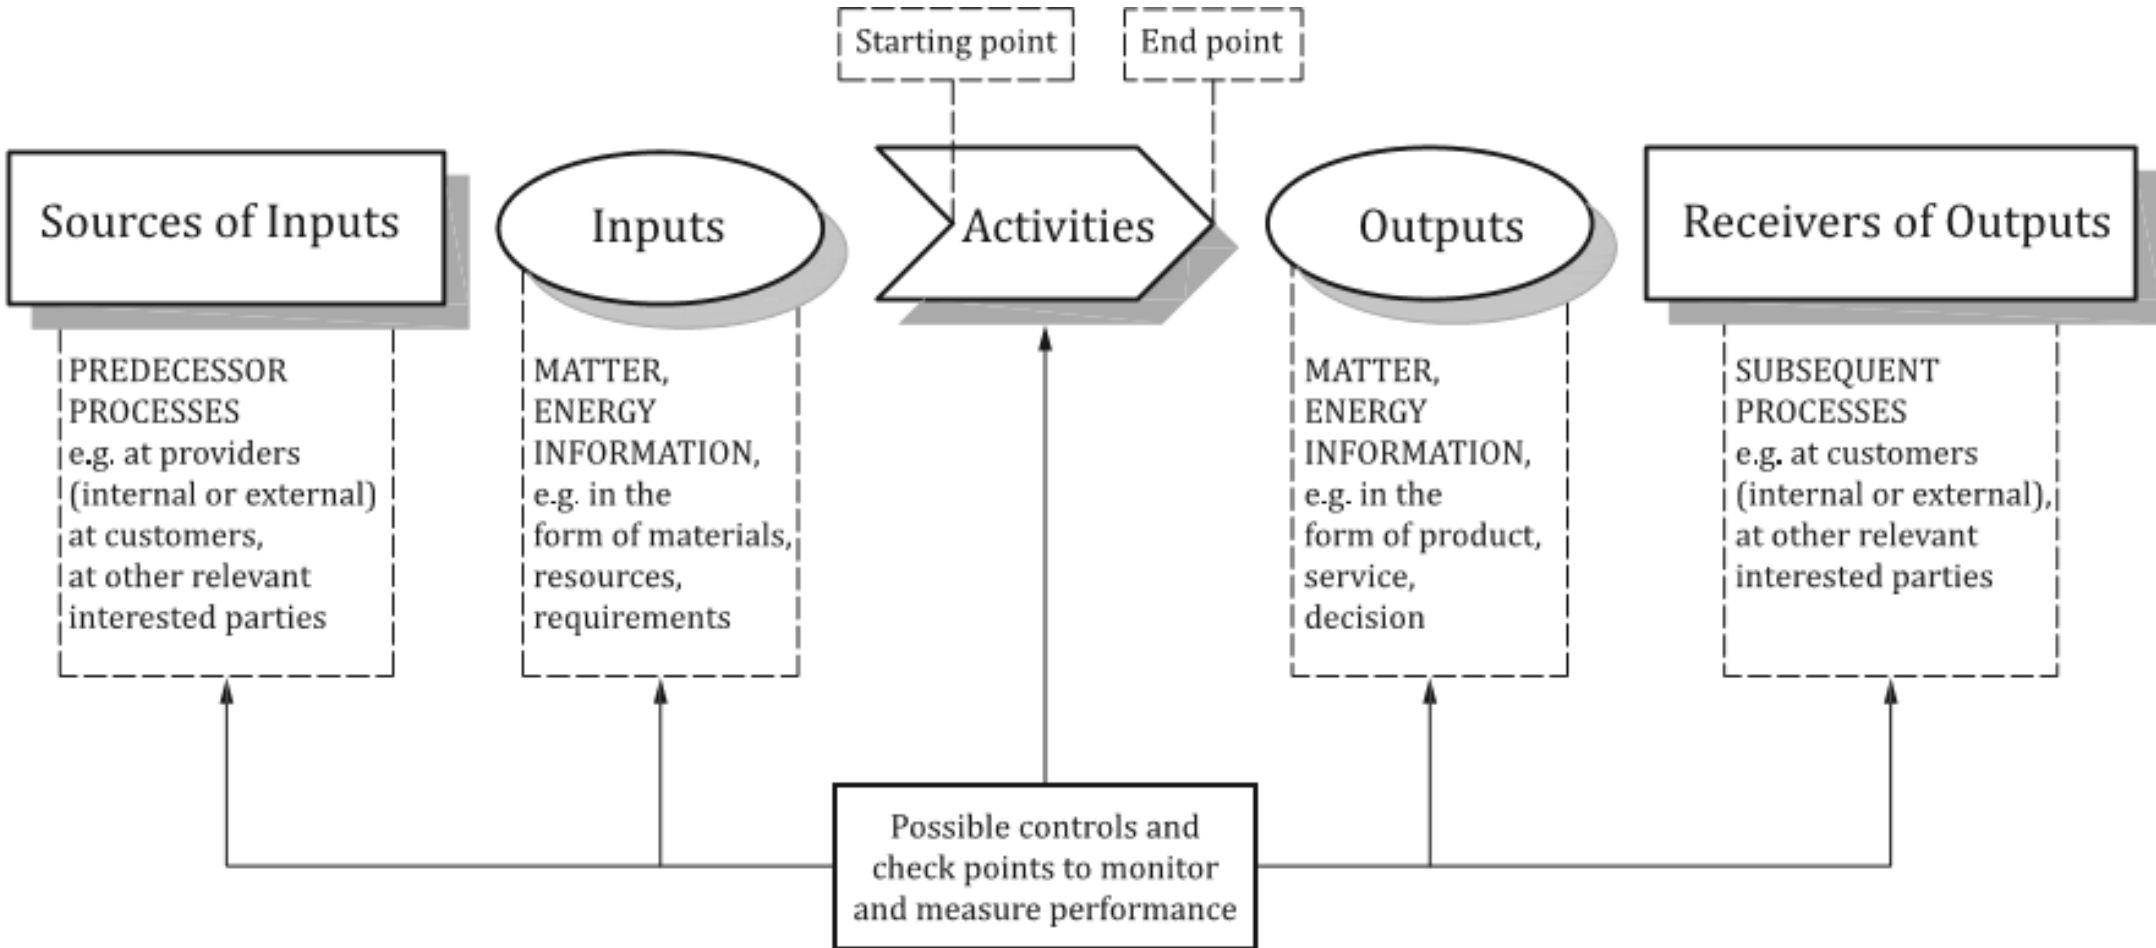

---

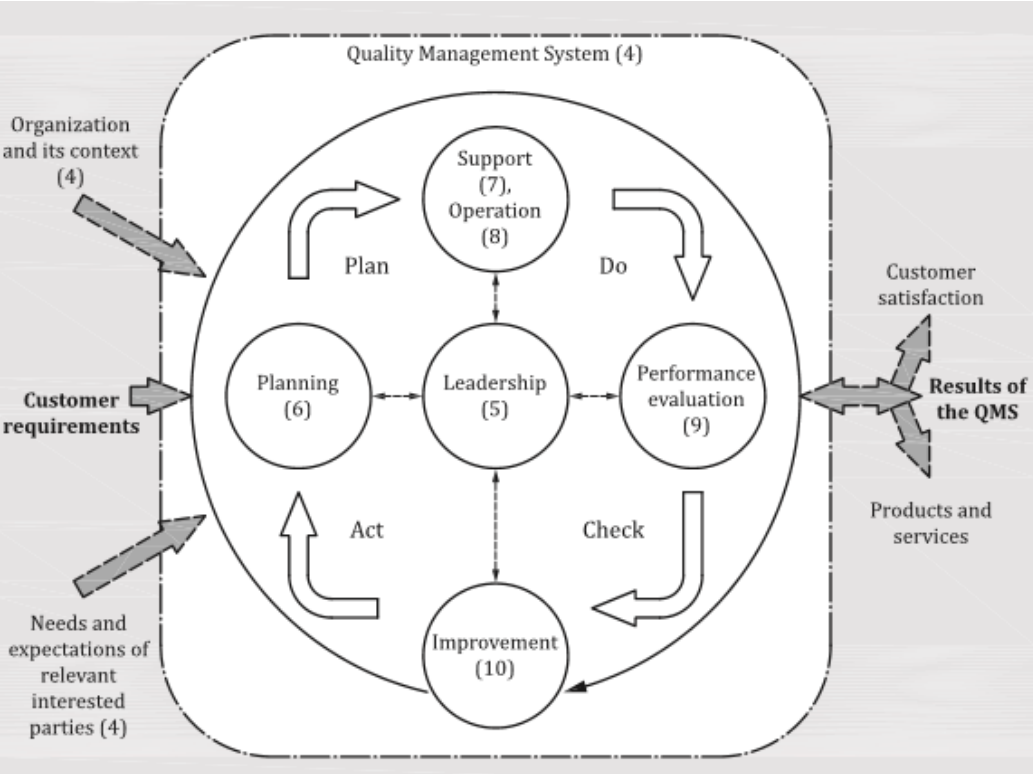

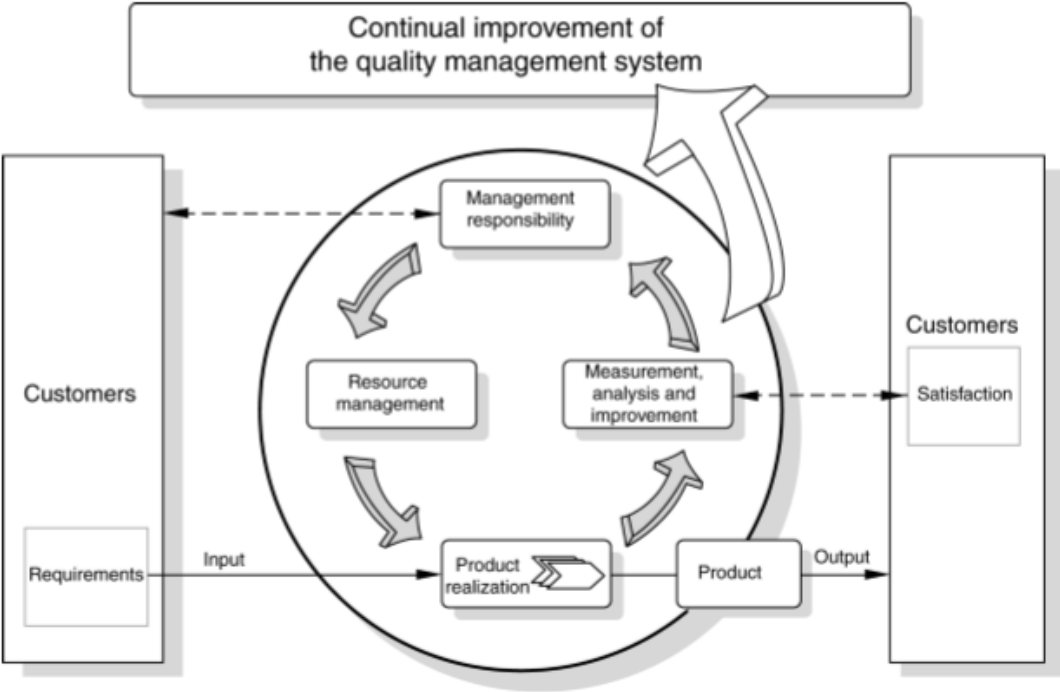

- Management systems in general
- What are the major changes in the new standards?
- Which changes are the most challenging to implement?
- Success factors for effective implementation.
- Class perspective on other topics of the day

# Management systems

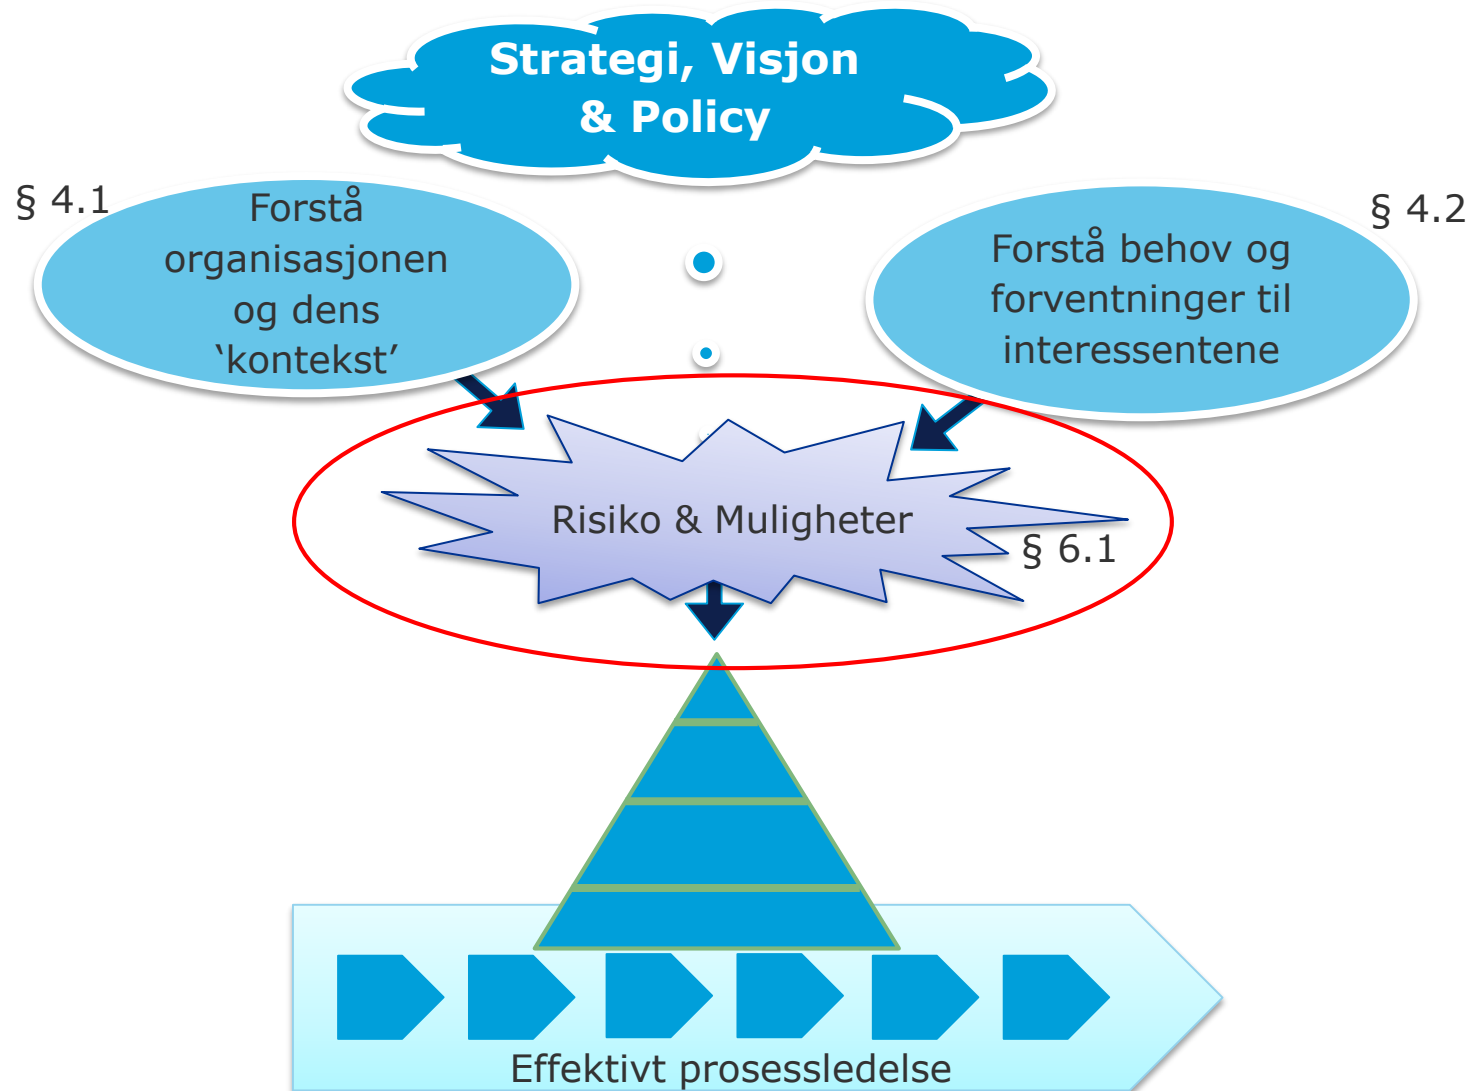

# Process ISO 9001

# Risk-based approach

# Risk at several levels

## Success factors for effective implementation (in general)

---

1. Motivation for implantation of management system; compliance or as strategic decision to achieve objectives.
2. Clearly defined and understood vision, objectives and strategy.
3. Communication within the organization; common understanding of terms and expressions.
4. Involvement of all parts of the organization; build ownership.
5. Well defined, and applied, processes.
