A place to find what children, teens and their families need to learn thrive and have fun in Somerville. The Somerville community of educators, caregivers, service and recreation providers are committed to the goal that all children, teens and their families have access to programs, services and resources they need in our city.

To begin you will type the this address in your web browser. Or click here.

somervillehub.org
To begin, we’re going to click on The Hub By Age. This is where you can choose which age group you’d like to search under. From Early Childhood to Teens. Let’s click on the Elementary Hub.
Now we’re able to search a lot of the resources Somerville Hub provides.

**Elementary School Age**

- School Options
- My Developing School-Age Child
- After School & School Vacation Options

Here you can see the different schools in the Somerville area.

Here you can see the developmental milestones your Elementary child should be hitting and how you can support them.

And here you can see the options for after school and vacation child care centers or programs.

**Programs & Activities**

- Local Clubs & Activities
- Science, Technology, Engineering & Math (STEM)
- Sports, Fitness & Recreation
- Visual Art, Performing Arts, and Music

Here you can search for specific programs and activities your child may be interested in such as:

- Local clubs like Girl or Cub Scouts.
- STEM related programs.
- Athletic and Sport programs.
- And programs in Art and music.
To see more on what kind of information these options provide, Click on Science, Technology, Engineering & Math (STEM)

Local Clubs & Activities
Science, Technology, Engineering & Math (STEM)
Sports, Fitness & Recreation

Science, Technology, Engineering & Math (STEM)

Home Depot Kids Workshops
Home Depot offers FREE, hands-on workshops for children on the first Saturday of each month from 9 AM - 12 PM. Each child gets to keep their craft, and receives a certificate of achievement, a workshop apron, and a commemorative pin while supplies last. Registration is required.

Parts and Crafts
The Parts and Crafts Collective offers classes, workshops, and a drop-in resource center for kids to explore creative arts, science, and engineering.

577 Somerville Avenue, Somerville MA 02143

Science Club for Girls
Since its founding in 1994, Science Club for Girls (SCFG) has provided the very best in girl-specific programming by connecting girls in K-12 grades, especially those from underrepresented groups, with female mentor-scientists through free science, technology, engineering and math (STEM) programs in a fun, nurturing, interactive environment.

You can see that there a variety of options and a brief overview of the program sometimes including; a description, times, and an address

If you want more information let’s click on LEARN MORE here.
We’ve now been directed to the program’s website. The website will give you more detailed information as well as how to contact them.

Using The Events Calendar

Back at the Somerville Hub, we’re going to check out their calendar. To do so, click on Events Calendar.

Then click -Any- right here.
Here you can choose which events on the calendar you’d like to see based on a child’s age or for All Ages and Family Events. Click on Elementary Age.

And then click Filter.

Now the calendar is filled with all the events in the Somerville area that are appropriate for Elementary Aged Children.

When looking at the calendar it may be helpful to use this color coded Key. Each color represents which age group the Event is appropriate for.
Back at the Somerville Hub, we’re going to check out their Family Resources. To do so, click on Family Resources.

Here are different categories of resources including legal, housing, health and more! Let’s click on Food & Basic Needs to learn more.
Here are the different Food & Basic Needs Resources for Somerville. Each listing will provide different information and may include:

- **Name**
- **Address**
- **Phone Number**
- **Description**

### WIC (Women, Infants, and Children) Program

**Address:**
366 Broadway Suite 102
Somerville, MA 02145
(617) 575-5330

**Program Description:**
WIC (Women, Infants, and Children) Program is a nutrition program that provides personalized nutrition consultations, breastfeeding support, referrals to our community health care services, and checks for free, nutritious food tailored to supplement the dietary needs of our participants. Services are provided to pregnant, breastfeeding, and postpartum women, as well as infants and children up to age five.

### Elizabeth Peabody House Emergency Food Pantry

**Address:**
275-277 Broadway
Somerville, MA 02145
(617) 623-5510

**Pantry Description:**
The EPH provides individuals and families in need with fresh fruits and vegetables, dry good and dairy products on a weekly basis. Our pantry is set up like a small grocery store and community members are invited to come one time per month to get the food that they need.
