

CANADA

SPECIAL EDITION | April 2020

Dear friends:

I write this “bulletin” for two important reasons.

1. Let us pray for the situation in Nova Scotia. The mass killings of so many people is indeed a great tragedy. In speaking with Canada Atlantic District Superintendent , Reverend Mark Collins, he and his pastoral team are looking for ways to minister in the midst of this crisis. I am grateful for a denominational response that will be channeling some emergency funds to help the families of those victims. Please pray for those immediate family members and friends who are now facing the reality of this senseless act, and the aftermath facing them in the days, months and years ahead.
2. Let us pray for several of our Nazarene family on the Quebec District who have contracted COVID - 19. To date there are approximately 12 with the virus. One of our pastors is infected and her husband is on a ventilator. We are praying that he will be taken off the ventilator today and that he will make a full recovery.

We need your prayers friends and we are confident that the Lord will lead and guide every step of the way.

Blessings,

Rev. Ian Fitzpatrick
National Director
