

# Elm Weekly Tasks (8.6.20)

## English Task

Your task for English is linked to our class story The Miraculous Journey of Edward Tulane. I would like you to complete this as you listen to the story so the task will be ongoing, it can be completed at your own pace, as I know some of you have not started listening yet.

### [Reading Comprehension Task](#)

Using Chapter 1 and 2 - I would like you to draw a picture of how you imagine Edward looks, inside I would like you to choose some adjectives to describe him. For an extra challenge, can you think of some similes too? E.g., his heart is as dark as a midnight cave.

## Maths Task

Your task for maths this week is all about area. Watch the clip below and have a go at the quiz. Then complete the questions below.

<https://www.bbc.co.uk/bitesize/topics/zjbg87h/articles/zwqt6fr>

### [Area worksheet](#)

## Spelling Task

Write out your challenge words, once with your right hand and once with your left. Then write a sentence for each of your challenge words - a chance to practice your handwriting too so take your time!

### [Year 4 Challenge words](#)

### [Year 3 Challenge words](#)

## Topic Task (Please continue with your project this week).

I would like you to get started on a project/booklet all about your local area. This will be quite a big activity and will be part of your home learning for the next few weeks. We discussed some ideas in one of our Teams sessions so I know you already have ideas of things you want to find out. If there is anything else you would like to add to your project please do!

Your information booklet needs:

- A title
- A section about the history of the area, how old is your village or town? Who was the first to settle there? How many people live in the area now?

- A section about where your local area is located. Think about compass points, to explain the location of your village/town/county (You can add in your map that you already created in this part)
- A section about the different geographical features - are there any rivers, streams in your local area?
- A section about land/wildlife conservation or any eco related projects in your area
- A Fascinating facts section - this can be anything that you are interested in finding out about and sharing
- A focus on one particular building in your local area that you find interesting
- An interview - maybe with someone who has lived in the area a long time, can they tell you about any changes they have seen? Do they like the changes? Why did they move to the area? (to be completed safely following social distancing guidance)
- Pictures of your local areas, photos or sketches (you could include your one perspective sketch)
- A section including your personal opinion about your area? What is good about living in your area? Is there anything that could improve the area?

## Teams Meetings

On Tuesday we will meet on Teams, you will just need a pencil, paper and your thinking caps. Groups are below.

11.00-11.30	11.30-12.00
Athena	Harrison
Willow	Edward
Joshua	Tom
William	Joe
Georgia	Felicity
Imogen	Toby S
Tor	Martha
George A	Louis
Lola	Thomas
Neve	Heidi
Vale	Toby B
George D	Jack
	Sophia
	Avnesh
	Kayla

On Thursday, we will meet as a class for a kahoot quiz at 11am.

# Other Activities to complete

## Online tasks to complete

Reading Eggs - Spelling and Reading Comprehension

Spelling Shed - New pattern and challenge words

Maths Shed - Times table practice

Sumdog - Class competition

## Monday Mindfulness - Trying new things!

Trying new things can boost our confidence and bring a sense of achievement. If you have not tried anything new recently, make a plan to do something different today. Our daily routines have had to change, try to make the most of your new situation.

Here are some ideas to help you do something different or appreciate what is new:

- Listen to different music, something you wouldn't ordinarily listen to
- Try out a new game, exercise or food.
- Look for the positive things in recent changes to your daily routine.
- Make time to do something you love but have not done recently.

## Reading

It is important to keep reading every day, if you are running out of books, remember reading Eggs Library has a huge range of books for you to choose. In addition, you can access free books here. <https://home.oxfordowl.co.uk/books/free-ebooks/>

## Keeping Active

For those of you who like Minecraft you may like to try this yoga!

<https://www.youtube.com/watch?v=02E1468SdHg>

## Suggested Timetable

Monday	English Task + Topic Task	Choice of other activities + online Tasks
Tuesday	Teams Session + Topic Task	Choice of other activities + online Tasks
Wednesday	Maths Task + Topic Task	Choice of other activities + online Tasks
Thursday	Teams Session + Topic Task	Choice of other activities + online Tasks
Friday	Spelling Task + Topic Task	Choice of other activities + online Tasks

Remember, this is only a suggestion, you can complete the tasks in any order you choose, a little of each online task daily would be great to help you continue to progress with your spelling, reading and mental maths. **Remember** your Topic task is going to be quite a large project so that is why I have asked you to continue working on it this week.

Have a great week, any questions just ask!
