

Weekly Task 18.5.20

Sketch Time!

Your task for the week is to work on producing a one-point perspective sketch of a view from your house! Maybe you could draw it from your front garden if the weather is nice!

If it is not possible for you to complete safely following social distancing guidelines, maybe you could find a picture online to sketch.

I have attached a video to help you understand a one-point perspective.

<https://www.youtube.com/watch?v=sZD8BjTK8dE>

You do not have to colour your sketch unless you choose too!

I look forward to seeing your Artwork!
