Diamond Creek Cricket Club is seeking applicants for the position of Coach for the Senior Club for the 2020/21 season.

Diamond Creek fielded 7 Senior teams, 10 Junior teams and a strong Milo Cricket Program in the Diamond Valley Cricket Association (DVCA) in 19/20. We expect to be fielding at the same in 2020/21 and will continue to facilitate a large influx of Junior cricketers participating in Senior cricket.

Diamond Creek Cricket Club is a club that prides itself on its people and its performance at the highest level. Diamond Creek's 1st XI compete the highest division (Barclay Shield) of the DVCA and has competed in finals the past 10 seasons (including 7 Grand Finals and 4 Premierships).

Diamond Creek prides itself on our core values of Family, Resilience, Loyalty and Respect and any applicant would be expected to embody these values as well as have a proven record at a Barclay Shield (or equivalent) or higher level of cricket.

We are seeking a coach for the 2020/21 season to further develop the skills of all our club's cricketers and continue to facilitate excellence. The club will have a large number of players in 2020/21, however we have fantastic support networks in place to ensure our Coach isn't doing it alone; including a net captain and chairman of selectors as well as Assistants and a mature Senior playing group.

Applicants must be able to demonstrate an ability to effectively communicate with and develop players of all age groups and skill levels, helping them to better their understanding of the game from a mindset and technical point of view.

The Senior Coach will be responsible for:

- Pre-Season training schedule (Indoor sessions already booked)
- Player development and welfare across all levels
- Coordinating effective running of Tuesday/Thursday night training
- Instilling club values across all levels
- Working with playing group to enhance training and playing plans and standards

Please submit any expressions of interest to Dylan Bedurke at President@dccc.net.au or call 0401 741 659 for any further information.
