# **2017 Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan Update**

## **Notice of Public Comment**

The Southwest Missouri Council of Governments (SMCOG) has contracted with the State Emergency Management Association (SEMA) and the Taney County Commission to prepare a five-year update to the Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan.

The preliminary draft is available for review and comment online at [www.smcog.org](http://www.smcog.org) until Sunday, October 29, 2017. The public is strongly encouraged to comment on the plan and ensure that the needs and values of residents are being addressed by Taney County in mitigating the potential damages to people and property in the event of natural hazards.

If you would like to view a printed copy or have comments on the plan, please contact Megan Clark, Planner, Southwest Missouri Council of Governments at 417-836-6901 or [meganclark@missouristate.edu](mailto:meganclark@missouristate.edu).

## Taney County Communities Update Hazard Mitigation Plan

The Southwest Missouri Council of Governments (SMCOG) has contracted with SEMA and the Taney County Commission to prepare a five-year update to the Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan. A plan update kick-off meeting will be held on July 11th, 2017 at 9:00 a.m. in the Taney County Courthouse, 132 David Street, Forsyth, MO.

Effective November 1, 2003, any county in Missouri that is declared a federal disaster area must have an approved Hazard Mitigation Plan in place to be eligible for HMGP funding. Hazard mitigation, as defined by the Federal Emergency Management Agency (FEMA), is *any action taken to eliminate or reduce the loss of life or property as the result of a disaster event*. HMGP funds may be used to fund projects that will reduce or eliminate the losses from future disasters as well as provide a long-term solution to a problem. Many types of projects can be funded through the Hazard Mitigation Grant Program including improving bridges at low water crossings, floodplain buyouts, and constructing community saferooms.

As required by 44 CFR §201.6(d)(3), a local jurisdiction must review and revise its plan to reflect changes in development, progress in local mitigation efforts and changes in priorities and resubmit it for approval every five (5) years in order to continue to be eligible for mitigation project grant funding. The Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan is a revision of the previous five-year update completed in 2013.

The public is invited to learn how local governments are planning to mitigate the impact of natural hazard events. All interested persons are encouraged to provide input on the plan which must be approved by the State Emergency Management Agency and FEMA. The County Commissioners, the governing body of each participating City and School District must pass a resolution adopting the Plan once it is approved by FEMA.

All comments and questions should be directed to Megan Clark at (417) 836-6901 or by email [meganclark@missouristate.edu](mailto:meganclark@missouristate.edu).

RE: Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan Update

Dear Stakeholder,

The State Emergency Management Agency (SEMA) has entered into an agreement with the Southwest Missouri Council of Governments (SMCOG) to assist with the required update to the Taney County Natural Hazard Mitigation Plan. Federal law requires communities and other local public jurisdictions to have an approved, adopted hazard mitigation plan on file with the Federal Emergency Management Agency (FEMA) to be eligible to apply for and receive Hazard Mitigation Grant Program and other Federal mitigation program assistance.

The hazard mitigation plan must be updated every five years to maintain eligibility for funding. The updated plan developed for Taney County and its jurisdictions will meet the minimum planning requirements for all FEMA mitigation programs.

Community involvement in the development of the updated hazard mitigation plan for Taney County is critical to this effort and is a required element of the planning process. Any and all jurisdictions that may consider hazard mitigation projects in the next five years **must** participate in the plan update process to be eligible to apply for FEMA hazard mitigation project assistance grants.

The intent of the mitigation plan is to identify and evaluate the participating jurisdictions' vulnerability to natural disasters and to develop strategies and actions that can eliminate the negative effects of future disasters. Some examples of mitigation actions include the construction of safe rooms, improvements to low water crossings, and flood hazard area buyouts.

A representative from your jurisdiction or organization is invited to attend the kickoff information meeting on the update of the Taney County Natural Hazard Mitigation Plan on Tuesday, July 11 at 9 a.m.

Please see the back of this letter for additional information.

Southwest Missouri  
Council of Governments

**Kickoff Meeting:**

**Taney County Natural Hazard Mitigation Plan Update Kickoff Meeting**  
**Taney County Courthouse**  
**132 David Street, 1<sup>st</sup> Floor Commissioner's Hearing Room**  
**Forsyth, MO 65653**  
**Tuesday, July 11, 2017**  
**9:00 a.m.**

Topics to be discussed at the kickoff meeting will include greater detail on the update process, necessary participants and their responsibilities, elements of the natural hazard mitigation plan and update items, and a timeline for completion, approval, and adoption of the plan update.

Additional plan update meetings will be held at 9 a.m. at the Taney County Courthouse on the following dates:

**July 25**  
**August 22**  
**September 26**  
**October 24**

We look forward to the participation of your jurisdiction in the plan update process and encourage your questions, comments, and input at all stages of this process.

If you have any questions about the meetings or the plan update process, or are unable to attend the kickoff meeting, please contact me by phone at 417-836-6901 or at [meganclark@missouristate.edu](mailto:meganclark@missouristate.edu).

Sincerely,

Megan Clark

Council of Governments

September 11, 2017

RE: Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan Update

The Southwest Missouri Council of Governments has entered into an agreement with the State Emergency Management Agency and the Taney County Commission to assist with the required five-year update of the Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan approved in January 2013. A FEMA approved local hazard mitigation plan must be in place in order for local units of government to remain eligible for hazard mitigation grant programs.

Community and stakeholder involvement in the development of the updated hazard mitigation plan is critical to the planning process and necessary to ensure that it meets the needs of all communities and districts included in the plan.

You and/or a representative from your jurisdiction or organization are invited to attend the 4th meeting for the update of the Taney County Natural Hazard Mitigation Plan:

**Taney County Natural Hazard Mitigation Plan Update Meeting #4**  
**Taney County Courthouse**  
**132 David Street, 1<sup>st</sup> Floor Commissioner's Hearing Room**  
**Forsyth, MO 65653**  
**Tuesday, September 26, 2017**  
**9:00 a.m.**

Topics to be discussed at this meeting include Prioritization of Mitigation Strategies and a recap of the planning process.

The final plan update meeting will be held October 24.

We look forward to the participation of your jurisdiction in the plan update process and encourage your questions, comments, and input at all stages of this process. If you have any questions about the meetings or the plan update process, or are unable to attend previous meetings, please contact me by phone at 417-836-6901 or at [meganclark@missouristate.edu](mailto:meganclark@missouristate.edu).

Sincerely,

Megan Clark  
Planner

RE: Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan Update

The Southwest Missouri Council of Governments has entered into an agreement with the State Emergency Management Agency and the Taney County Commission to assist with the required five-year update of the Taney County Multi-Jurisdictional Natural Hazard Mitigation Plan approved in January 2013. A FEMA approved local hazard mitigation plan must be in place in order for local units of government to remain eligible for hazard mitigation grant programs.

Community and stakeholder involvement in the development of the updated hazard mitigation plan is critical to the planning process and necessary to ensure that it meets the needs of all communities and districts included in the plan.

You and/or a representative from your jurisdiction or organization are invited to attend the 5<sup>th</sup> and FINAL meeting for the update of the Taney County Natural Hazard Mitigation Plan:

**Taney County Natural Hazard Mitigation Plan Update Meeting #5**  
**Taney County Courthouse**  
**132 David Street, 1<sup>st</sup> Floor Commissioner's Hearing Room**  
**Forsyth, MO 65653**  
**Tuesday, October 24, 2017**  
**9:00 a.m.**

**Items to be discussed:**

- Participation Recap
- Planning Process Overview
- Action Tracker Website
- Funding and Implementation Mechanisms
- Plan Adoption & Maintenance

We look forward to the participation of your jurisdiction in the plan update process and encourage your questions, comments, and input at all stages of this process. If you have any questions about the meetings or the plan update process, or were unable to attend previous meetings, please contact me by phone at 417-836-6901 or at [meganclark@missouristate.edu](mailto:meganclark@missouristate.edu).

Sincerely,

Megan Clark  
Planner

### Meeting

#### SMCOG Annual Meeting

The 2017 SMCOG Annual Meeting, held October 25th at Hickory Hills Country Club, had over 70 attendees from the public and private sectors who work throughout the SMCOG 10-county region. This year's guest speaker was Janie Dunning, former USDA Rural Development State Director and Broadband Consultant for the Missouri Farm Bureau. Dunning presented on "The State of Broadband in Missouri," highlighting the alarming facts that place Missouri 42nd in the nation for access to broadband. [Broadband Presentation - PDF](#)
