

In Memory of
Stan Bist
Founding Father
of the
Michigan Fiero Club

Oh no! I'm going to really miss our Number 1 Fiero fan.

So sad, he will be missed by all of us!!
Stan, we will miss you so much, you always had a funny joke or interesting story to tell. You touched so many people in so many ways, your service to our country was deeply appreciated and we will always treasure your friendship.

On behalf of Sellers Buick-GMC and myself, we're sorry to hear of Stan's passing. We'll miss seeing him at the show this year. Our sympathies go out to the Stan Bist family.

What a great loss for the Fiero community.

I joined MFC shortly after Stan took the leadership to get the org. going. I have never yet met a better person and he had the enthusiasm and personality that contributed greatly to founding the MFC.

I remembered him and the MFC when I did the Woodward Cruise on the Thursday evening before the main event on Saturday. I did not happen to see another Fiero while I was out there but I was proud to represent the Fiero brand and our MFC.

Stan came to me in a dream I had Saturday night, had a strange feeling about it since I hadn't had a dream with Stan in it before. His wonderful spirit touching bases with his people on his way to Heaven. I will miss You old buddy and those great friendly talks we had at the shows. GOD bless you Stan and thanks for all you did for us.

My wife, was on line & noticed Stan's obituary & asked me if this could be the Stan Bist I met at the Sellers fall car show. As I read the obituary I learned it was Stan. I want Stan's family to know Stan was my mentor at my first Sellers car show a long time ago. We became instant friends. You were blessed to have Stan in your family & so was I to meet Stan & call him my friend. Every Christmas we exchanged cards--I will miss that, But will always remember our friendship. There aren't enough Stans in our society today.

Stan was the Michigan Fiero Club. With the help of his friends, he built the Club into a Fiero Club, that other clubs look up to, and world wide. His absents , I think has weaken the Club. His Passing, now leaves a hole in the Club, That can never be filled.

I am going to miss him and Was the best leader that the Fiero club ever had

Stan was an awesome person and won't be forgotten

Stan was FIERO his energy promoting fiero was next to none. Always made time to have a conversation at shows, cruises. I joined Michigan Fiero Club in "1994" Worked with Stan at various shows. I agree with Bill, Stan never won the spark plug award as he was the PRES for seven years but was the Michigan Fiero Club spark plug! He will not be forgotton.
