**Guest Speaker
Stephanie Fast**

Stephanie Fast is the name she was given in America. Abandoned as a child in war-torn South Korea, she was abused in every way. Rescued by a World Vision nurse, Stephanie was adopted at age 9 by David and Judy Merwin. Despite their healing love, her past tormented her until a pro-

found personal encounter with Jesus Christ enabled her to give her pain to Him, and see her identity and purpose in the light of God's love.

As a speaker, teacher and author, Stephanie has made it her life's work to help rescue orphans. She recently wrote her first book, *She Is Mine*.
