The legal structure of the **Nigerian
Schools Foundation -NSF (UK)**,
changed with the aim of
strengthening the Association's
ability to deliver its mission
and strategic aims in the
future.

Up until then NSF (UK)
was an unincorporated
Association. The change proposed
moving the association, from
being an unincorporated
Association to a charitable
company limited by guarantee.

Overwhelmingly positive reactions the event.

- 😊 Great coming together of Nigerian schools for good
- 😊 Good – increased exhibition space is a good thing
- 😊 Catering provision is much improved
- 😊 All good. Each school should have a dedicated area

Fair as the venue can be rotated?
Check where most of your participants are coming from and then you will be able to attract more people, well done. Not many people are aware of such activities

Excellent event that continues to do a great job of bringing people together and raising the profile of Nigerian educational institutions. Not even the nonstop rain could stop everyone from having a great time!

Everything from food, entertainment and programme was Fantastic! Sadly, we can't legislate for climate

... should be promoted like the Notting hill carnival. The fun run organisers should be more serious...
