## BANDY-ONE4 Instructions

1. Press and hold button 1, keeping it pressed hold down button 4 at the same time. The green, blue and red LEDs will start flashing quickly in turn.
2. Release both buttons.
3. The blue LED will light up for 5 seconds. In this 5 seconds press and hold one of the buttons (the one to be programmed).
4. At the same time press and hold down the button of a compatible remote (the one you are cloning). The remote control will continue to change between the 3 LED colours to check the frequency. N.B the remote should be 2-40cm away from each other during this process.
5. The blue LED will flash regularly to confirm the operation.
